PASSIONTIDE

More than two weeks it will be terms of major crimes—murder, robbery, adultery and drunkenness. True, such things are devastating, but there are others too. Sins of the mind and of the spirit; sins of nature and of temperament; sins by which our whole lives are poisoned, perhaps not so spectacularly as by the major crimes but nevertheless just as devastating. The man who has a bad temper, uncontrolled, can find that the results are confined to ourselves liberally. The man who has a bad temper, uncontrolled, can find that the results are confined to ourselves liberally. TEMPURA

DURING THE WINTER months in Japan everyone should take advantage of preparing the local seafood. The waters of the northern Pacific surrounding Japan are a storehouse of fish and the coastal waters hold rich fish beds.

Last Sunday it was my experience to go to a food center on the top floor of the Nishi-Ginza Department Store where I tried one of the more popular Japanese seafoods - Tempura - which is merely a fried fish.
