CHRISTIAN VIEWPOINT
 - By "Simon"

NO GREAT EXPECTATIONS

Long ago we are told, when Jesus was conducting His earthly ministry, He came to His own country around Nazareth, but He did not do many mighty works there, because of their unbelief. (Matt. 13:58). It was not for any lack of power in Jesus, nor His unsympathetic attitude, but simply the lack of faith of those who were His countrymen.

We cannot expect God to do great things in our lives, in our churches or in our world, until we have the faith which prays expectantly. Jesus at a latter date, reminded His disciples that "whatever you ask in prayer, you will receive, if you have faith." (Matt. 21:22). Faith in God's power to answer prayer, faith in God's wisdom and faith in God's love to grant that which is best for us.

WEDDING

MARY-JANE MCKNIGHT
 WEDS DR. J. DAVIDSON

In a ceremony conducted by her father, Rev. Gordon C. Graham, Mary-Jane McKnight, daughter of Mr. and Mrs. Douglas Hill McKnight, became the bride of Dr. James Peter Davidson, son of Dr. and Mrs. James Davidson of Niagara Falls.

The bride, given in marriage by her father, wore a gown of blue tulle with double box pleats forming a bell shape that cascaded to a chapel train and long streamers falling from a bow knot at the waist. Her waist-length veil was held by a matching crescent band and she carried a bouquet of white and yellow carnations, stephanotis and ivy. Attending her were Barbara Davidson, maid of honor, Joy Sandilands, bridesmaid, Mrs. Wallis King and Mrs. Thomas Vernon. Their gowns were jade blue-green pean de soie in wait for the ceremony. The bridesmaids wore matching bandeaux with feathers and puffed veiling and carried sprays of flowers shading from pink to coral.

The best man was Dr. Grant Thompson and usher, Rev. Donald Poff. Dr. John Henderson and Dr. Gordon Davidson were the ring bearers. After a wedding trip to the south, the couple will make their home in Niagara Falls.

ON THE FARM FRONT

Brief Notes for the Busy Farmer

By Haldimand Harry

This is about the right time to treat cattle for Warble flies if you are using one of the newer systemic insecticides. Treatment can be made in the form of a spray now similar to the regular method used in the spring. This is somewhat easier than the regular method, where the insecticide had to be caught and the dosage given orally. In general, the use of systemic insecticides is recommended for the control of Warble flies. The use of systemic insecticides is recommended for the control of Warble flies.
