

They were pale blue with an elastic waistband. The top was a cotton weave of eggshell white. We next slipped on a brand new pair of black silk hose with elastic tops—no garters. Our trousers were black and grey denim, draped at the knees and cut off at the ankles. The jacket was plain black with three buttons down the front and with narrow lapels which lent class and style against the white shirt background with the stiff collar. The collar was held in place with two brass buttons inserted in the neckband. We selected Avon deodorant and the aroma was delightful. For our hair we got in to the wrong bottle and used white shoe dressing. It worked fine. Our shoes were plain black, held to the instep by plain black cotton laces with galvanized tips. The groom looked mighty fine too. He chose a creation provided for him by Uncle Sam for just such occasions as this. It was what they call, in Naval circles, a white dress uniform, stiffly starched and designed to cause neck irritations. Frankly, we thought the men looked pretty good the other day but, we suppose it will be the applied motifs, and illusion veils that will get the play.

Notwithstanding the main event in our life last week we are not unmindful that the Jarvis Cheviots have brought home another Championship. The team has brought great honour to the Community over the years and our congratulations to every member of it. Likewise, the sponsors, Lundy & Henderson, and the fellows who make the celebrations possible, namely, Craddock & Phibbs and Douglas, Williamson.

Save your Paper and Refundable Bottles for the Jarvis Boy Scout Association Drive on Saturday morning, April 28th. Please the papers accurate in bundles and leave them where the boys can see them. Pick up stations will be announced later for the rural areas. Thank you.

**CHURCH NOTES**

The Easter Thankoffering Meeting of Knox W.M.S. and Evening Auxiliary will be held on Tuesday evening April 17th in the Church at 8 P.M. Guest speaker will be Mrs. Barton of Hamilton. All ladies of the Village are cordially invited. NOTE—All ladies who have sewing please return articles to the Church by this Sunday. CHILDREN OF THE CHURCH The C.O.C. met in the Church basement Sunday April 15th, during the Church hour with sixteen present. Jerry Walker read the call to worship from Psalms 100:3. The leader, Mrs. J. Davidson, led in opening prayer. Debbie McKenzie read the scripture from Matthew 22:37-38. The song "God is the Loving Father" was sung with Barbara Miller at the piano. June Awde read Scripture from 2 Cor. 9:7 & 8. Christine Miller took up the offering. Ray Miller dedicated the offering with Psalms 143:8. The leader then led the children in a discussion on the meaning of sharing and how they could share in everyday life. The story "The Valets" was read from the book "Three Children of Cullis". A quiz "Who Am I?" was conducted by the leader. The children adjourned to the work tables and worked on hand puppets. The next meeting will be an afternoon session to be held during Easter holidays, Wednesday April 25 at 2:30 in the Church basement. KNOX COUPLES CLUB met at the

**CARDS OF THANKS**

Stephen Bousfield would like to thank everyone who sent him gifts and cards while in Chedoke Hospital. We would like to take this opportunity to express our thanks to our many friends who sent cards and flowers and for their kind thoughts shown us in the loss of a dear sister and sister-in-law. Art and Ruth Pepper. I would like to thank everyone for flowers and cards and other kindnesses during the past few weeks while I was in the hospital and ill at home. Lorraine Bothright

Save time... Save money

**Buy your fertilizer in polythene bags and store it outside... where you'll use it.**

You'll save both time and money when you buy fertilizer in polythene bags. Here's why: Polythene bags are waterproof—you can truck fertilizer in any weather without tarpaulins. You can store fertilizer outdoors, in fields where you'll use it. Polythene bags are tough—they don't absorb moisture and weaken. They are easy to handle and stack. Polythene bags are closed with a heat-seal—there's no lint or string to plug your drill. Polythene bags are transparent—you can see the fertilizer you are buying without opening the bag.
