GALA NEW YEAR'S PARTY

MONDAY DECEMBER 31ST

* JIMMIE BEGG and His Orchestra *

We have used up considerable space in this column, over the years, in pointing out to our readers just how lucky "Doc" Austin is...

Those of you who may not be as closely associated with "Doc" as we are, can now understand how we have felt, over the years, when his luck came to the fore...

But to come back to his good fortune Saturday night. Some people say that lightning never hits twice in the same spot...

Another time we remember fishing with him up at Lake Onaping. Sitting in the same boat he pulled in about a dozen fish and we didn't get a nibble...

We are looking forward to a happy Christmas and our hope is that all of our readers share this feeling.

much but the look on his face almost set us crazy. Fortunately we were sufficiently supplied with tranquilizers to assuage the emotional disturbance we had to go through on this occasion.

The only other comment we have to make about this lucky character this week is that when he entertains us in the future, we wish he would stay out of his dispensary when he is preparing our liquid refreshments.

We are happy the Christmas season is here. It is a joy to listen to the beautiful Christmas music that takes over at this season of the year.

"When did you last check the pressure in your spare tire?" asks the Ontario Safety League.

When did you last check the pressure in your spare tire? Your fifth tire is a safety device, but neglect to check it regularly could make it hazardous, or useless when needed in an emergency.

COMPLIMENTS OF THE SEASON

We wish you a Healthy and Happy New Year

Throughout the year it has been a pleasure discussing health in Ontario with you through our regular columns in this newspaper.

We look forward to the coming year and to the opportunity once again of keeping you informed on the important aspects of health in our Province.

Seems exciting, I declare. There is holly in the hall, Hidden parcels everywhere; Shops are full of lovely toys, Cook is making toothsome fare. There is such a big to-do, People running here and there, Can you guess the reason why? Christmas Day will soon be here!"

Face it, some things have to be imported!

But would a buffalo do as well? The trouble is that we Canadians import too much for our own good. We are, in fact, the world's greatest importers of manufactured goods.

Look at these figures which show the average yearly expenditure on imported manufactured goods for the people of four nations: Canadians—\$235 per person. Americans—\$35 per person. British—\$75 per person. West Germans—\$60 per person.

If each of us reduced our import buying by just \$100 and diverted that money to the purchase of Canadian products, the province of Ontario would gain 600,000,000 vital dollars which would help provide 60,000 new jobs!

Every consumer should satisfy himself that there is no Canadian equivalent before he reaches out his hand for an imported product. By becoming "label conscious," he will probably find that often habit has led him to the imported product. The Canadian product, alongside, may be just as good. Buy that, and help create the 60,000 jobs that Ontario needs for the prosperity of all its people.
