

We must offer congratulations to the Village of Hagersville—or perhaps it would be more correct to say a few dedicated people of Hagersville and district—on their fine new Arena. Last Thursday night we saw the Jarvis and Hagersville hockey teams belt one another around in fine fashion on the expansive ice surface and we could see the beginning of many future battles that will attract an ever increasing number of fans.

The Arena, however, was not built for the purpose of providing a forum for gladiators, but to provide healthful recreation for boys and girls of all ages. True, the competitive aspects of Canada's National Game can be developed with these facilities and who knows—the Hagersville district might just develop another Moritz, Richard or a Kelly. We're told there are literally dozens of minor hockey teams using the facilities of the Hagersville Arena. This is where the true usefulness of the establishment will reveal itself. Let us hope

there will always be a sufficient number of dedicated adults prepared to coach and direct the energy and zeal of these younger boys toward the goal of true sportsmanship—sportsmanship that is not necessarily revealed to them by the National and Senior Hockey Teams of the Nation.

Getting back to the hockey game last Thursday night, The Jarvis but only managed a 4-4 tie. While watching the game we again felt a sense of appreciation to the Firm of Lundy & Henderson for their con-

istent sponsorship of this team over a period of many years. For a little community like this it is quite an achievement to have a championship hockey club year after year. Our appreciation, which we feel must be shared by all citizens of the community, went beyond the sponsors to the coach, Gordon Miller, the manager, Gordon Hazlett, and the general manager of all departments, Jack Martin, for their continuity of service to the club. Each plays a vital role in its existence. The big rewards will come to them in the years ahead through the memories of their experiences with the team.

We know he would do it sometime but we never suspected he would get

away with it so perfectly. We're talking about William Phibbs, the man some people—who didn't know him too well—suspected might be a lifetime bachelor. After many private talks, concerning the heavenly bliss of married life, we knew we had the fatal step one day but our timing was a little off. We had it figured he would take his vows about June of next year and had already begun to make plans for the occasion. Now we'll have to forget this and concentrate on the charity. He'll be sorry he didn't invite us to the wedding. You'd wonder how a fellow who won the hand and heart of one of the nicest girls in the area could be so mean to his friends and advisors.
