(continued from page One)  
The Harvest Supper at Nanticoke was a very successful event, both financially and socially.

## GARNET U.C.W. MEETING

The October meeting of the U.C.W. met at the home of Mrs. Chas. Harrop on Thursday afternoon. Mrs. Willis Harrop presided. The opening prayer by Mrs. Harrop was followed by the Lord's Prayer and hymn No. 16 in unison. Mrs. Ralph Phibbs, programme convener, took the worship service on Thanksgiving, beginning with a poem and all repeating together the "General Thanksgiving" in the hymnary. The Scripture, read by Mrs. Chas. Harrop was followed by a reading by Mrs. Phibbs. Mrs. L. Hilton introduced the study book "The Rim of Asia" and outlined the Phibbs then took the first chapter of the other book "The Word And The Way." The Observance article was given by Mrs. Ivan Parkinson which gave some new thoughts on Thanksgiving. Mrs. G. Cherry then led in prayer. The Vice President then took charge again and conducted the business.

Dorothy Roulston thanked the ladies for a gift. This was followed by the roll call, minutes and reports as a work meeting were planned for November, also plans for decorating the church for Thanksgiving. Mrs. Harrop passed on some suggestions.

land this week due to the courtesy of our friend Arne Synholm. He placed in our hands a picture book of his home which is most interesting. There are apparently many parts of Finland that are similar to our own Ontario, it almost makes us wonder why anyone would ever want to leave there. We'll have to admit, however, of course, there are some other nice places in the world besides our own country.

We hesitate to mention this, but it should be recorded as a defeat against future developments. George Anderson's Bowling Team picked up seven points last Monday night. This achievement came about without the leadership and guidance of the coach. It's hard to believe but it did happen. We will have to say, however, that George's wife bowled her usual excellent game which was, perhaps, the reason for the success of the evening.

We have had a close look at Fin-

given at the workshop meeting in Hagersville last month. The concert was given by Mrs. W. Roulston and a social time followed.

## KNOX CHURCH LADIES AFTERNOON GROUP

Mrs. Robert Dossier entertained the Ladies Aid and W.M.S. of Knox Church at her home on Tuesday afternoon, October 2nd.

## CHRISTIAN SERVICE BRIGADE

At the order to form battalion, the boys neatly fell in formation. They were given a brief time in squad meetings in which was discussed the importance of the handling of rifles was given by each boy.

Game time found Capt. Robert Hoover, Capt. Robert Harris face to face with Hoover team winning six to nothing. At one time Hoover looked like a wind mill after getting the ball in the face. A slight rearranging seemed to be necessary. The defeated team was on the receiving end of a great deal of abuse from the personal talk in Council Ring based on Romans 12: 1, with the following headings: (1) Am I Trying To Keep Myself? (2) Am I Trying To Love Myself? (3) What Kind Of Life Am I Living? (4) What Kind Of Life Am I Living? (5) What Kind Of Life Am I Living?

## FOOT AND MOUTH PAINTINGS NOW IN CANADA

Association of Foot and Mouth Artists is the unusual name of an organization which has become an important factor in international art and publishing more unusual.

Canadians will hear a great deal more about it in the coming months. For the first time, reproductions from the works of the world's most available group of artists will be made in Canada. The project has been a booming success in every country of Europe this side of the Iron Curtain, as well as in South Africa, Australia, New Zealand, Japan, India, Brazil and Argentina.

The Association was formed after the war in the tiny Principality of Liechtenstein as a means of drawing attention to a group of painters from many nations who all produce important works of art under a terrifying handicap: they are deprived of the artist's most valuable tool: their hands. Some were born crippled, some have been victims of polio, some of war and accidents. All have trained with their mouth or their feet.

It is not a charity organization. It is a business, fully owned by its members, the foot and mouth artists themselves.

This is how it works: Each artist gets a monthly retainer fee which is sufficient for his living. In return he delivers one painting a month which becomes the property of the Association, including reproduction rights. The Association sells the paintings, ranging from a group of painters from many nations who all produce important works of art under a terrifying handicap: they are deprived of the artist's most valuable tool: their hands. Some were born crippled, some have been victims of polio, some of war and accidents. All have trained with their mouth or their feet.

Brief Notes for the Busy Farmer

## Ontario Department of Agriculture Cayuga, Ontario

Farm people and urban friends joined hands in the famous "Haldimand Harvest" as well, the staff at the Ontario Department of Agriculture in Cayuga congratulated Mr. Skinner for his service to the rural and urban people of Haldimand County, and we wish him good health and happiness in the years to come.

The Premier said that despite plans for broad usage of the new symbol and slogan, the symbol is not intended to replace the provincial coat of arms or the crown. It will be used in conjunction with them, when practical, he said.

Reeve H. O. Warfield, chairman of the Metropolitan Toronto's Emergency Measures Organization committee, will attempt to obtain clarification from Prime Minister Lester B. Pearson, the federal government's policy on municipal fall shelter construction.

## RURAL SCHOOLS COMPETE FOR SCHOOL GROUND TROPHY

(intended for a previous issue)

Inspection of the Rural School Ground Improvement Programme took place on Tuesday, September 18th. This year only the rural schools of Walpole and South Cayuga competed for the Phibbs Trophy. It was noted that every school, except three or four, showed a decided improvement over last year. It is a constant source of pleasure to those associated with this work to see what a change can be wrought in such a short time. The trophy is a symbol of the beauty that can be brought to an otherwise drab situation by the introduction of some bright, colorful flowers, a little fresh paint here and there, trimming the weeds and shrubs, and keeping the fence corners and yards free of litter. Some schools are quick to realize that this is Lambs' School from some distance away by the neatly arranged white-washed rocks which spell out Lambs' School on the side of the hill.

Teachers, parents, pupils, boards and others are to be congratulated on their efforts which makes it possible for the judges to once again see the appearance of the schools in the County. Prizes to the schools are contributed by the Township Councils who make their own arrangements for presentation of the prizes.
