

We are often accused of being politically biased in this corner. The funny part of it is this accusation most frequently comes from our blood relatives. That is, with the possible exception of Sam Morris. Our fervent hope is that one day our accusers will recognize their error and come to appreciate the idealistic motives that prompt our political activity.

Strange as it may seem the above thought was prompted by the announced resignation last week of our esteemed friend, Judge Helen Kinnear, from the Bench of the County of Haldimand. We learned of her intention to resign, for reasons of health, with the greatest regret. You may wonder what possible connection this may have with politics. Well, we'll tell you.

Judge Helen Kinnear was, for twelve years, the President of the Welland Liberal Association. We

have been, for the past twelve years, President of the Haldimand Progressive-Conservative Association. This will indicate, possibly, a similarity of interest for the both of us. A couple of years following her resignation as President of the Welland Liberal Association she was appointed Judge of the County of Haldimand. She was the first woman in the British Empire to hold such a position. Last year we were disturbed we hasten to re-assure you we have no hopes of following further in the footsteps of the eminent Judge.

We do, however, wish to bring attention to our readers that this most esteemed person did, at one time, associate herself in political activity. There are still many people who regard politics in an unsavoury light and, we feel, this is a most unfortunate situation. We have no doubt that whatever Judge Helen Kinnear contributed to politics, prior to her elevation to the Bench, was beneficial to the County of Welland and the Nation.

We well remember when Judge Kinnear assumed the responsible duties of her high office in this County. Twenty years ago. It was wonderful and, we think, naturally, how a woman man, Barry Miller and everyone else on the squad who turned in a splendid job throughout the year, so we turned in this year and hope they will be back next year.

as the result of her work on two Royal Commissions. One reported on the question of whether the Criminal Law relating to defense of insanity should be amended and the second on whether the Criminal Law relating to criminal Psychopaths should be amended. This will measure the qualifications of a former Political constituency President.

We know that if we took a poll of the Bar of Haldimand and, indeed, we could go much further, we know we would find that Judge Helen Kinnear would be acclaimed as one of the outstanding Judges in the Dominion of Canada. We said earlier we felt we were confident, is held by every citizen of Haldimand County. We can only add the wish that, we are sure is likewise held by all, Helen Kinnear will gain a measure of rest in retirement and will live long to amount us as a beloved citizen of the County of Haldimand.

SPORTS HIGHLIGHTS
(continued from page one)
out of the Jarvis nine. Although Jim was the best player there were several others like Bob Graham, Bill McLean, Barry Miller and everyone else on the squad who turned in a splendid job throughout the year, so we turned in this year and hope they will be back next year.
