

LETTERS TO THE EDITOR

"Once to every man and nation comes the moment to decide. In the strife of truth with falsehood... For the good or evil side."

In North Walpole and in other areas of Ontario too, man's normal life span is three score and ten, give or take a few. For reasons of health we were about to witness a pugilistic performance by a group of people and an elected Board right here in our own community.

There is more than a little evidence of the parents' bias entered into the picture. And, it seems, a trait of human nature, once a stand is taken, to stick to it regardless of any subsequent revelations that may indicate error in the earlier judgment.

Education facilities in keeping with the trend of the times should be the first consideration. The economics of the situation comes next and is also of some importance.

Decisions! Decisions! Decisions! As if we didn't have enough problems to decide upon in these parts we now find we have to elect a Federal Government. It also appears likely we'll have a decision to make provincially in the near future.

Well, one thing for sure the whole country is talking these days and it is interesting to follow a growing interest in political affairs we could be happy.

IN THE ORBIT OF OUR EYE!

When I was Scoutmaster of the Jarvis Boy Scout Troop and looking back it seems a long, long time ago (1941), we had a bang-up group of boys and a real program of fun, fun and fun.

It is a source of great satisfaction to me to see in the Record, from time to time, that scouting in Jarvis is still a real live affair. I hope it will be more energetic and healthy.

Next came a game period, and then a picnic. When I was Scoutmaster of the Jarvis Boy Scout Troop and looking back it seems a long, long time ago (1941), we had a bang-up group of boys and a real program of fun, fun and fun.

It is not a good thing for the children of Jarvis to be in a position where they are not being supervised and taught by their parents and teachers. We are not different than other parents and teachers in Jarvis.

As a raterpater I would like to point out some important facts. The majority are opposing the Board just is not true. They were a democracy the minority.
