

## LETTER TO THE EDITOR

To The Editor,  
The Jarvis Record.

On Tuesday night, November 10th, 1963, our North Walpole School Board was approached with a request, by letter from the Parent Group, that Mr. John Hall, as chairman of the School Board, and Mr. Ted Montague, as trustee, go to Mr. T. R. Brown, our Public School Inspector, in co-operation with Mr. Brown (the figures, in regard to the costs of centralizing our schools of North Walpole, would be arrived at, to the best of their ability, by the time we entered the hospital for repairs. We didn't expect to stay too long when we went in to the human repair shop but later discovered eighty days would elapse before we would again see the outside of the Hospital walls. We literally went around the world in three days, and apparently, our hopes of getting back to earth were no greater than the first astronauts. On this third anniversary from a flight through space we recall our experiences with great satisfaction and with a thankful heart to the dedicated men and women, surgeons, doctors and nurses whose technical know-how made it possible.

Our thoughts lead us to hope that the facilities being provided in the new West Haldimand General Hospital, which will be open in a few short months, will deal as kindly with those who make use of its services.

Lion Bruce Stadler, Chairman of the Citizenship and Patriotism Committee of the Jarvis Club is making arrangements for the Renewal Day Service which will be held next Sunday afternoon at 2 P.M. With this effort in making the Memorial Service interesting and meaningful it certainly deserves participation by all local citizens. The parade starts at 2 P.M. the service in Knox Church will be around 2:30 P.M. We hope to see the Church full. The Rev. Ronald A. Warren, formerly of Jarvis, will make an address at the Community Hall following the service.

THE MEALS CERTAINLY HAVE IMPROVED SINCE WE GOT OUR OWN CHEF!

Combine your home-grown grains with

**NATIONAL BEEFBILDER CONCENTRATE**  
the fresh-mix with the balanced protein base!

Want to produce prime beef in the briefest time? Then feed your cattle your own home-grown grains fresh-mixed with National Beefbilder! Feed made from National Beefbilder 32% Concentrate plus pounds at the lowest cost—it's the fresh-mix with the balanced protein base, that produces top quality beef!

Whether you have your own grain or we supply them, we can custom blend the finest fresh-mix you can buy right here at the mill . . . using National Concentrate, of course.

The first night school classes offered by the West Haldimand High School brought an enrollment of 123 persons in seven classes.

The commercial courses—Bookkeeping and Typing, attracted 23 in each class. The balance are in the Technical courses including Auto Mechanics, Carpentry and Cabinet Making, Drafting and Blue Print Reading, Electrical Installation and Maintenance, and Welding.

Mr. Joseph St. Amant is the Principal of the Night School and teachers include Raymond Chisholm, Mrs. Beatrice DeWald, Sam Hamilton, Jack Warrick, James Demaline, Walter Fydenchuk and Gerald Svent.

## Wise, Unwise and . . . Otherwise

—BY—  
"THE OLD OWL"

### A VISIT TO THE HOSPITAL

SOME TIME AGO I had occasion to visit St. Joseph's Hospital in Hamilton. I went in the front door and walked about two miles through the shining sterile corridors of the new building, only to find that my friend was in the old part, so I walked the two miles back. On the way I wished that I had one of those cute little taxi lawn mowers that I have seen around Jarvis. Then I had a great idea — why not take my own car?

To do this a little preparation was necessary, especially in the matter of driving the car up the door and walked about two miles through the shining sterile corridors of the new building, only to find that my friend was in the old part, so I walked the two miles back. On the way I wished that I had one of those cute little taxi lawn mowers that I have seen around Jarvis. Then I had a great idea — why not take my own car?

Having opened the big front doors, I backed out up and rushed at the steps. After being so well trained in Quebec, I took the steps with ease. As I went in a doctor was coming out. He took one look and immediately went to lay off the whiskey — at least until 11 P.M. Having signalled for a taxi, I proceeded down the long corridor. An elderly nurse promptly fainted away and I had some difficulty driving around it. An elderly man in a wheel chair who had not walked for 15 years, saw me coming, jumped out of the chair and ran for his life. That is one car I could not see in the mirror.

At the Information Desk, a young nurse, carrying a tray full of medicines, dropped the tray and ran down one of the labyrinthine corridors. Later, I learned that a scientific young doctor took the medicines from the broken tray and from the mixture concocted the wonder drug "Hamiliumia" which cured everything except wars.

Calmly and coolly the efficient lady at the Information Desk told me the information I needed, and I proceeded to back up the car around. Unfortunately I hit the Desk and knocked it over. The aforementioned lady arose out of the debris, shook herself and turned severely to me: "Please be more careful next time!"

I found I could not turn around so I proceeded to back up the corridor. An orderly rushed at me from one side but I could not see him in the mirror, scared of being hit he jumped on the bumper and refused to allow the public to see him. As I backed into one of the offices, causing some consternation among the staff. The orderly fell into the lap of one of the stenographers and, with his arms around her neck, hung on for dear life. This was the beginning of a beautiful friendship. How any of this incident proved expensive to the Hospital for another stenographer was so shaken by the occurrence that she made out a bill for a millionaire patient as \$10,000. She was fired for this. The Hospital paid \$10,000. I now found I could turn round so I headed for the Main Entrance. On the way I was wondering where I could park (that is always the problem in the city, whether in or outside a building). I knew I could not get the car into the elevator, and the stairs were too narrow, so I decided to park near the door.

However, when I reached the Entrance Lobby a scene met my eyes! Someone had got excited and had yelled "Fire!" so an orderly had very dutifully sounded the Fire Alarm. When I reached the Lobby firemen were all over the place crying coming and was so surprised to see a house saw me to my car. A little thing like that did not bother me (after all, he had been on the Quebec roads) and he sailed right through and out the front door followed with his hose until I got out of reach. I was grateful to him for this because he gave the car a good wash, both front and back. To cut a long story short, I dodged a couple of firetrucks and proceeded home to Jarvis. "And so to bed".

As we have suggested before there are many people in Jarvis who can live out their life in relative comfort without these facilities. We would hope, however, that everyone might ask themselves if it is not selfish to look at this matter from that point of view? We bring nothing into this world and we take nothing out. Therefore, it might be worthwhile to leave something behind that will benefit those who follow. We are grateful to our forebears in the fields of science, education and culture who have made possible the many refinements of living we, and everyone else, are enjoying today. Looking at it in this light it makes what ever assistance we can give to provide the amenities provided through Waterworks and Sewage in Jarvis a relatively small thing. As our Minister said last Sunday "Where there is no faith in the future, there is no power in the present".

No horse can go as fast as the money you place on him.
