

IN THE ORBIT OF OUR EYE! A fellow came in this morning and said he wasn't much interested in reading about John Diefenbaker and Sam Morris in this column and wondered why it was we didn't pick up more of these juicy, human items of a local nature. We confessed we'd be glad to do this but there just didn't seem to be anything of an interesting nature to tell. Whereupon he demanded whether or not we were not aware that a South Walpole farmer is planning to open up a barber shop. We had to confess we didn't. Thereupon he began to reveal the facts and we believe, the story has local interest.

"IT'S NOT WHAT YOU SAY... IT'S WHAT YOU MEAN..." This business of bi-lingual French speaking populace are as pretty near all of Canada by the throat right now. Every school board is considering French lessons at some level or other. This is true in every province with the only twist being that those of us who are not French speaking are being dropped into places they had almost "never heard of before."

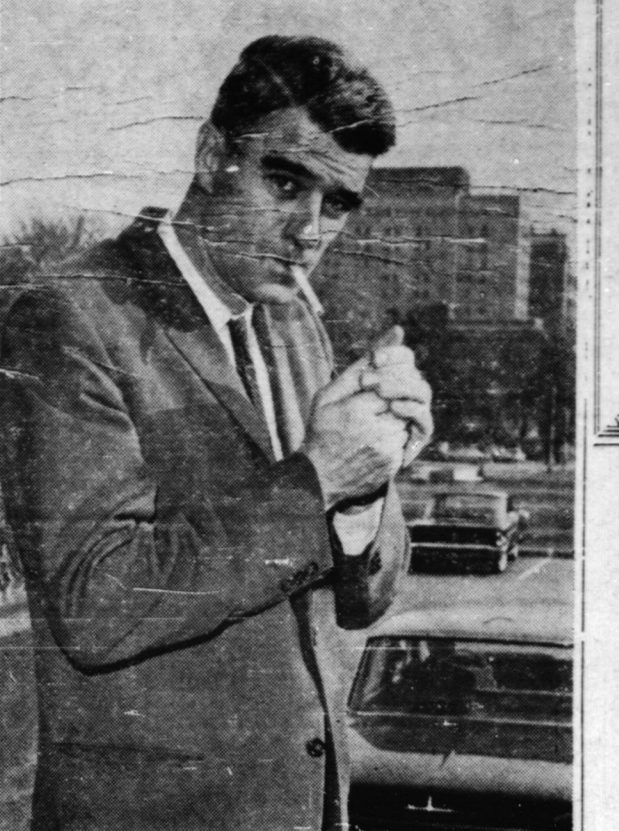

Speaking of beetle wigs we can't help but think what a great opportunity Sam Morris has to get that shiny dome of his covered up. With a beetle wig Sam might look like one of those long-haired professors, in which case Lester Pearson would likely appoint him to the Senate. We can just see that he would already have a beard and that Albert Hyde has rented him space for a shop in his home south of town.

It is our earnest hope that by the end of this week there will be a great number of people throughout the West Haldimand area singing the praises of the new West Haldimand Hospital. The general public will have an opportunity on Saturday (2-5 P.M.) and on Sunday (2-4 P.M.) to see through the building and see for themselves the result of their generous support to the Hospital. It is also the result of five years of serious planning by a wonderful group of people. Quality has been the keynote throughout and we think this will be reflected in the actual inspection. The official opening will take place at 2 P.M. Saturday next. The Hospital will go into operation at 7 A.M. Sunday, March 1st.
