

We heard a couple of fellows commenting on the viciousness of the storm that struck suddenly late Tuesday afternoon. While there was very little serious damage in this particular area nature did demonstrate in other spots that awe inspiring power it holds. Further comment reflected on the fact that in this area, we seldom are hit by tornado or hurricane, volcanic eruptions, floods or arid conditions. These things alone should make us ever conscious of the blessings we all enjoy.

If for no other reason we should be slightly ashamed for any bitterness that creeps into our relationships in the conduct of our mutual affairs. We were reminded this week by a press picture, showing white people at a bathing beach in Florida swinging clubs and fists at the heads of negroes who had attempted to bathe in the same waters with them. Incidents such as this should surely modify the impulsive nature of the most immature mind and cause all of us to reflect upon our thinking and ultimate actions when emotionism directs us.

We are encouraged by the report that the Chairmen of the three local elementary school boards have named a committee to try and resolve the current school problems. This is, obviously, the first step and if restraint and an earnest desire to find a solution is practiced we have every confidence this committee will come up with the best possible solution. As chairmen of these three public bodies they must be of the interest of the people concerned sincerely in mind. They have been handed a most serious responsibility and every- one else concerned should render every possible consideration to them to help solve the matter. Anyone whose mind is prejudiced should, we suggest, refrain from giving their advice to the committee at this stage in their deliberations.

The announcement of the transfer of Sgt. Harold Wilkins, head of the Cayuga Detachment of the Ontario Provincial Police, will be heard with regret by his many Hal- land friends. Sgt. Wilkins has served Haldimand County for the past 15 years. The protectors of our system of Law and Order seldom are known as New York. In addition to the normal hustle and bustle that City is now flooded with World Fair visitors. How people can live day in and day out amid the confusion and the gas fumes remains a mystery to us. We had good cause to say that fabulous Air Terminal, now known as the John F. Kennedy Field, where a jet is taking off or landing every 90 seconds every hour of every day. It was too big to comprehend.

Chairman Bob Nixon of the Boys and Girls Committee of the Jarvis Lions Club has so many boys to handle on the small-try hall league that he can't handle them. He has sent out an S.O.S. for assistance and it is to be hoped it will be forthcoming. Surely there are many adults locally who would have their hearts warmed by the experience of helping to guide these youngsters in the clean, competitive sport, provided by the operation of this league. Just let Bob know you are willing to help.

Doorway to all your banking

Did you ever stop to consider all the things a chartered bank can do for you? Your local branch is much more than a convenient place to make a deposit, cash a cheque or see about a loan — each branch, large or small, offers a full banking service. And only here is it possible for you to do all your banking under one roof. A branch bank is, in effect, a service centre and everyone on the staff is there to help you, to look after all your banking courteously and speedily.

THE CHARTERED BANKS SERVING YOUR COMMUNITY
Through 5,650 branches, all across Canada, the chartered banks bring full-range banking within the reach of everyone.

NEW CO-OP PASTURE RATION
Summer pastures provide adequate bulk and protein energy. On pasture alone, a cow can produce only 30 lbs. per day because of her limited capacity to consume a quantity of grass. Additional energy is required to maintain and to attain maximum milk production.
CO-OP Pasture Ration provides this all-important extra energy required to supplement spring and summer pastures. Pasture Ration and you will get more from your pasture from your herd.

JUNIOR JUDO CHAMPIONSHIPS AT PORT DOVER
An invitation is being extended to the public to see some of the 300 young boys, their ages ranging from 5 to 18 years, put on a wonderful competition to be the winners of the 2nd annual Southern Ontario Jr. Judo Championship tournament on Sat. June 27th in the Port Dover Public School auditorium, commencing 6:30 P.M. sharp.
There will be clubs from all over Ontario taking part as from Ottawa to North Bay. Judo has become a very popular sport, not only developing muscle power and co-ordination but it helps build character in young people, which is most important of all. A boy who learns Judo also learns not to use it outside the gymnasium where he might hurt somebody. Anyone who isn't trained in Judo is unlikely to start a fight, if he knows his opponent is skilled in this variation of the Japanese sport of jujitsu, a form of wrestling which is little chance of injury, except for bruises, or torn finger nails. Judo is looked upon as a sport, yet the boys can defend themselves if necessary, since age is no advantage, they can feel fairly secure in any company, rather than fight. This is where your character development comes in, which is most important. Hon. and Mrs. J. N. Allen will attend to present the Roman team challenge trophy, also Mr. Les Marshall will be present to present the individual trophies he has kindly donated. J. Roxburgh, M.P., will be on hand to make money making project, it is to prepare our students to become a teacher or instructor someday to help the younger generation. We will pay the fee to our instructor, our hydro, gas and water from the fee we receive from our students. Membership for Jr. \$3.00, Sr. \$5.00, weekly dues \$2.00 or \$4.00 a month. Sr. \$2.00 or \$7.00 a month. If you are interested, contact Mr. Kobayashi.
