

ted eleven and of these he placed the member for Brant-Haldimand at the top of the list. We quote herewith a portion of Mr. Fischer's column: "My list of 11 is headed by Larry Pennell in Brant-Haldimand. He has generally the two qualities which seem common among all those on my list—confidence and speaking ability. Mr. Pennell is a lawyer who has excelled as chairman of the House Committee on Privileges and Elections. He can think on his feet and is a persuasive rather than a partisan spokesman. His future advance in politics is certain if he wishes to carry them. There are rumors about his being named as a Minister of Justice in a future Liberal Government. He has defeated the late Hon. C. D. Howe in the riding of Fort Arthur. He made his presence felt in Parliament from the time he arrived and one of his objectives was a raise in pay for the members. Before the last pay-bike came in Mr. Pennell decided he had to augment his income and started writing a newspaper column for the Toronto Telegram. He has since started a series on the private TV network in Ontario. It is altogether likely that Mr. Fischer's income is now sufficient to meet his needs but it is altogether likely he is able to devote the same measure of time to parliamentary duties that he did before entering upon these extra-curricular activities. Doubtless this fact we continue to like his material on the editorial page.

Last Saturday his column was devoted to the more outstanding backbenchers in the House of Commons. He selected

NOTICE TO PROPERTY OWNERS TO DESTROY WEEDS

NOTICE is hereby given to all persons in possession of land in accordance with the WEED CONTROL ACT 1960 Sec. 3, 13 and 19. THAT unless noxious weeds growing on their lands within the boundaries of the Township of Walpole are destroyed by the date of JUNE 20, 1964 and throughout the season, the Municipality may enter upon the said lands and have the weeds destroyed, charging the costs against the land in taxes, as set out in the Act.

The co-operation of all citizens is earnestly solicited.

WEED INSPECTOR, JOSEPH SHANNON
Municipality of THE TOWNSHIP OF WALPOLE

1964 Legislation designed to broaden the scope of trustee responsibility for elementary education and which becomes effective next January... is just a short step in the right direction. In our opinion educational matters on county level. We are not at all convinced that the present system of elementary and secondary could be operated with a great deal more efficiency.

Walpole Township taxpayers are, apparently, at the doorstep of an elementary school building program that will call for an expenditure in excess of \$400,000. We'd like to say it is an unjustifiable expenditure for present needs in Walpole Township. However, we do feel strongly that in light of recent developments over the whole field of education, any expenditure of this magnitude should be delayed until the murky waters clear and a clearer picture of education is apparent.

OF THE COUNTRYSIDE

RENTON

The Renton W. I. was entertained at the home of Mrs. M. J. Simeco for the May meeting.

Several from this district attended the celebration held in Jarvis on Monday, May 18th. A few members of the Renton W.I. attended the South Carist Annual Meeting held in Langston on Friday last week.

The final meeting of Renton 451 Club met at the home of Mrs. Lewis Hirs on Monday night to prepare for Achievement Day to be held in the Junior Farmer Building, Hamilton.

Our sympathies to the Gordon Bartlett family on the death of Mrs. George Bartlett.

Mr. and Mrs. George Bartlett and Michael have moved into their new home and are looking for their friends to come and visit them.

Mrs. Nellie Tate and Mrs. George Albert Tate, Michigan, were visitors of Mr. and Mrs. Gordon Bartlett for the past week.

The R.E.C. Sewing Circle was held on Tuesday afternoon at the home of Mrs. Roger Loft.

Mrs. Nellie Tate and Mrs. George Albert Tate, Michigan, were visitors of Mr. and Mrs. Gordon Bartlett for the past week.

The R.E.C. Sewing Circle was held on Tuesday afternoon at the home of Mrs. Roger Loft.

SCHOOL BOARD MEETING

The regular monthly meeting of South Walpole School Board was held on Tuesday evening, May 19th at 8 P.M. with all members present and the Chairman, Mr. Kenneth Bartlett presiding.

The minutes of the last meeting were read and correspondence given due attention.

Moved by Roy Craddock and seconded by Wray Dennis that the minutes of the last meeting be adopted as read. Carried.

Moved by Roy Craddock and seconded by Wray Dennis that the Board allow \$15.00 per month for the year. All equipment and money not spent, to be pooled when the new school is opened. Carried.

Moved by Wray Dennis and seconded by Roy Craddock that all bills be paid to date. Carried.

Moved by David Lint and seconded by Wray Dennis that we do now adjourn to meet on June 23rd at 8 P.M. 18. Carried.

Kenneth Bartlett, Chairman Bruce Marsland, Secretary P.S. Since this meeting, approval has been received from the Department of Education for the building of a new ten room school at the Board will be able to proceed with plans immediately.

That Observant, One on the 8th Floor says that no matter how bad the film at the drive-in movie—most couples manage to love every minute of it.

CONVOCATION ADDRESS

(continued from page 1)

... We are prone to criticize our institutions and to say "Why don't they do something about it". I challenge this group, Principals, to change their program and say to their government: "We are citizens please get on our affairs for its welfare and with the business of earning a living. We have there to do what we tell of your political activities. I take issue with that statement. I offer the evidence that our government will continue to support the majority of you will not support a person might be excellent in one field but in another he is a failure. There are other basic shifts in our society which we of the older generation are conscious of and which we think may pose difficulties for you. One of these is particularly vulnerable is that of narrow specialization. Unless we guard against it we have a tendency to divide our business, let alone the whole life, into its several compartments... buying, selling, merchandising, production, design and the like, now none of these is a complete one of communication at all levels. Even his scope in business would be limited to say nothing of his development as a person. Someone has said that not only is it increasingly difficult for a doctor to talk to a that a gastrologist, can no longer talk to an obstetrician. Now the problem here is not one of communication at all levels. We all have the power of words and ideas. This problem has been created because neither man is created because neither man is not try to understand the society in which they both operate. This way, "No man is an island, entire of itself; every man is a piece of the continent, a part of the main." Now, each of us is interested in his own pursuit, but if for no other reason than to further his purpose, he must see the total society in which he pursues his aim. The mechanic is no good to me if he can't fix my car but he can't fix my car unless he understands the principle operator in our new machinery. The public can do its shopping under one roof if I might even develop this analogy further. The merchant in a mall must sell me my shoes, but he won't sell me my shoes unless he understands the customer's buying trends and the consumer goods. And I am not likely to go into his store more than once if I get the answer "I don't know" to my question "where can I buy a loaf of bread". Perhaps I might mention one more characteristic of your
