

We are glad our Gracious Queen is safely back in England. We are ashamed of the event attached to her recent visit to our country.

Our system of government calls for the very best of human attributes and our attainments through this system have served us well in the past and if we will allow it will serve us well in the future.

As we were in the Jarvis Hereford battle over their third and deciding game in the Hammand-Norfolk Floodlight League semi-finals on Tuesday night, we couldn't help but think the spectacle would have made a great opening for the Home Week. Both teams seemed to be enjoying a return to competition after having some of the best teams in the Province in the Provincial Play-downs.

At long last Sam Morris knows what happens to the hole in the doughnut. Miller's Bakery, Port Dover, put the evidence right on Sam's desk and all at once he discovered an exclusive and exquisite taste morsel. We knew there were a lot of things Sam was not too well informed about but we never suspected he did not know what happened to the hole in the doughnut.

ANNOUNCES EXPANSION PROGRAM

A \$27,000,000 expansion program to meet a growing demand for sheet steel and plate is announced by F. H. Sherman, President of Dominion Foundries and Steel Limited.

As well as increasing capacity, new projects will provide more scope in the variety of high quality steel products that we can supply.

The highly automated mill will be operated on all shifts by a total of 25 men. The site for the 40,000 square foot building is now being prepared.

Completion of this announced program will be third year of 1965 and planning is now being made to complete this installation with a minimum of disruption of production during the construction period.

The Ontario Department of Transport is responsible for the overall traffic accident statistics for the Province. But the Department of Highways also prepares particulars of fatal accidents occurring on the King's Highway.

The Ontario Safety League says that these reports give disturbing evidence of the extent to which alcohol is associated with fatal crashes. For instance, the report for July shows there were 49 fatal accidents on King's Highway resulting in the killing of 78 people.

Speaking as president of the 2000 delegates assembled in the House of Commons, "that the basic Commonwealth values must be guarded."

"Though all nations should work out their own salvation, there are certain values, civil rights as much as racial equality, that we must preserve at all costs," said Mr. Massey.

Let's not be so smart as to think "It can't happen here."

LETTER TO THE EDITOR

Dear Sir: I have been drawn to my attention by friends that the reports of my induction service last week were not complete.

I trust that friends who read the account will realize that long past the final deadline for any publication of the induction service I was informed that no copy was on hand beyond the beautifully printed Worship Bulletin.

Whether Ontario should appoint an ombudsman to investigate complaints of bureaucratic injustice will be one of the subjects discussed by the subjects of the commission of human rights when it formally begins its work early in 1966.

The CWL of Our Lady of Lourdes, Hagersville and St. Ann's Walpole, was held in the church basement. Father G. Beck opened the meeting with the League prayer. Mr. Leo Montague read the Act of Consecration to the Holy Mary.

Mrs. Fred Roultson was hostess for the October meeting of the GARNET UNITED CHURCH WOMEN MEET.

Mrs. Bilton continued the business. The Rev. C. McCorley answered. Mrs. W. N. Phibbs read the financial report. The church for Thanksgiving was named a poem "Your Place."
