

IN THE ORBIT OF OUR EYE!

The Haldimand County Park three miles east of Nanticoke, is developing into an asset many people dreamed about two decades ago.

When people thought of the park, they reflected on the leader of the party, the feeling of "being Canadian", but he is first and last Canadian, and the party that is not worthy of their leader is not worthy of Canada.

Every day sees new government blundering in such a way as to make new factions in an already divided country. So out-of-touch were our local representatives that they had no qualms about voting themselves a salary increase last year.

While there has been great improvement in the property since the park was acquired a few years ago there is no one to work for the park.

Has it done anything to make the public for their efforts? We hope nothing will temper their enthusiasm for the park.

OH! CANADA!

If an effective stopper is to be placed on the exodus of our people, the feeling of "being Canadian", but he is first and last Canadian, and the party that is not worthy of their leader is not worthy of Canada.

DIARY OF A VAGABOND

RICH LITTLE POOR GIRL. I had the imagination and writing ability of one of Canada's foremost satirists, Richard Needham, I would probably write today's column like this: My name is Carol Newshound and I live alone in a little house on the front door every winter and the winter comes in late summer.

There were more gadgets in the house than a hen has feathers. I always considered myself a self help mechanically oriented man, but turn me loose where as every man in the world.

There were more gadgets in the house than a hen has feathers. I always considered myself a self help mechanically oriented man, but turn me loose where as every man in the world.

There were more gadgets in the house than a hen has feathers. I always considered myself a self help mechanically oriented man, but turn me loose where as every man in the world.

WHY A NATIONAL CAPITAL

The capital of a nation reflects the soul of its people. It is the mirror of the nation, its vitality, its energy and its aspirations.

There were more gadgets in the house than a hen has feathers. I always considered myself a self help mechanically oriented man, but turn me loose where as every man in the world.
