

ONT. HOSPITAL SERVICES COMMISSION CHANGE IN DEPENDENT'S AGE LIMIT

Beginning September 1st, dependent children will be covered by Ontario Hospital Insurance under the "family" plan...

Dr. John E. Neilson, Chairman of the Commission, indicated that the new age limit is being introduced because of the increasing number of students...

It was necessary, he said, to take a decision on the point where the dependent child was no longer a student...

"This is the Negro revolution," said the mayor who reported that the national guard of 2,000 would be needed to restore order...

The national guard was called in when the mayor said his 1,000 policemen were unable to restore order...

Reports early Saturday were that a fire damage would total \$100,000 and losses to hotel guests several millions...

Our consoling consolation is that the city is spreading throughout the city as marauding bands of people...

We asked Bill how business was. He said "I couldn't be better. We asked him if he ever fell in one of those septic tanks...

All of this indicates that the science has contributed to our way of life. It's follows like a billiard ball...

It is less than 20 years since Greece as deep in civil war between the Communists and anti-Communists...

THE WEEK AT OTTAWA

The United States had asked Canada for "taken" military participation in the worsening Viet Nam war.

It was disclosed that two top aides of the prime minister, was acquitted of assault, following a fracas in the course of which he smashed a gutter over the head of a man.

The crown has set the date of trial at Sept. 8. Mr. Thompson is unable to raise \$500 to bail.

Events of recent days seemed to support his contention. A 21-year-old Toronto man was charged with public mischief.

Plans to spend \$46,000,000 on building a heavy water production plant at Estevan, Saskatchewan, were approved.

The minister assured the group that the price abolition of long-term leases to park residents is not aimed at driving them out of the parks or confiscating their properties without compensation.
