UNITED CHURCH PRESBYTERY MEETS
 Only 70 will likely graduate in 1968. He urged the Haldimand-Norfolk Presbytery to start on a serious programme of action to inform young people of the many branches of service in medical, social, agricultural, as well as ministerial professions.

In a rather unusual resolution the Presbytery decided to express its concern over the spending of a million dollars for the expansion of the University at the Exp 87 in Montreal. The Presbytery is asking the General Council Executive to consider what might be a more appropriate symbol of the true Church - a tent with a barrel outside in which the members could go to the real economic task of feeding the hungry, clothing the naked, and healing the sick.

The Rev. Roy deMarsh of Toronto, Secretary of the Committee for Church Vocations, presented his term as President of the United Church of Canada and the money thus saved on the building and collection of the tent would be used in the real economic task of feeding the hungry, clothing the naked, and healing the sick.

LET US HAVE FAITH THAT RIGHT MAKES MIGHT AND IN THAT FAITH LET US DARE TO DO OUR DUTY AS WE UNDERSTAND IT
