

Well now, the time has come when we can proclaim Jarvis as the outstanding sports community in the whole of Canada, perhaps in the whole North America continent and indeed of the whole wide world to say about this? Perhaps some innate observation, locality unrelated to the true importance of the situation. Here we are, a small community having proved our superiority in Juvenile Softball and Intermediate "A" O.A.S.A. Softball. This makes Jarvis the softball centre of the world, so far as we are concerned.

We imagine Sam might tuck something away on his inside pages that will reflect a nobility of the true accomplishments of the Jarvis sportsmen. This is what he did when the Jarvis Record won so many Dominion wide accomplishments in the field of publishing. Yes, we say this modestly, we have proven the quality of our publication seven times in Dominion wide competition, while the Fort Dover Maple Leaf has remained a negative force in the background.

But, to get back to the most recent achievements of the citizens of Jarvis we want to pay our tribute to Harold Nixon who is officially recorded as having been responsible for the F.B.I. that won the Championship this year. We have Winger who was astute enough to give an assist to Charlie "Yubby" came to bat. "Yubby" succeeded a notable receiver in the Jarvis Ball wars. Bruce Meacham. We'd imagine, however, that Bruce would be the first to recognize "Yub-

by's" ability behind the plate indeed, he has accommodated whatever Johnny Edwards had to offer from the first day he stood in that unenviable spot behind the plate.

Having given the extra punch needed to give his team the championship must have been a most gratifying experience for "Yubby". As a competitor that any coach could ask for in a player. And, as we said before, "Yubby" must feel that this latest experience in his sport life was thrilling and satisfying. Certainly the sports fans from Jarvis have been gratified in the knowledge that he was on their side.

But to get back to Sam Morris. Over the years Sam has been talking about the largest Fresh Water Fishing Fluct in the world, but he hasn't had much opportunity to talk about the athletic endeavors of Port Dover sportsmen. On the other hand, it has been an embarrassing to us to have to continually report the achievements of so many areas of accomplishment in the Jarvis arena. We've had the fastest horse (trotter) in all Canada; We've had the best newspaper, over a period of many years, so it cannot be refuted; We've got the best beef cattle; We've got the best butter; We've got the best M.L.A.; We've got the best community and we've got the best ball teams!

Considering these facts it's not much wonder that Sam goes to bed every night and experiences nightmares. The fact that he sounds off, on occasion, with some of those incubic pernoctations, is quite understandable. In fact, having published a newspaper as long as he has without an area of accomplishment on which to cogitate, we find ourselves very much in sympathy with him. We fully appreciate the fact that Archie would do a much better job if he were given the reins of editorship. But, of course, Sam is still hoping that he'll be able to proclaim, on some far distant day, that his favorite incubic pernoctation of this week, we'd suggest he take this week, we'd suggest he hasn't got the announcement up.

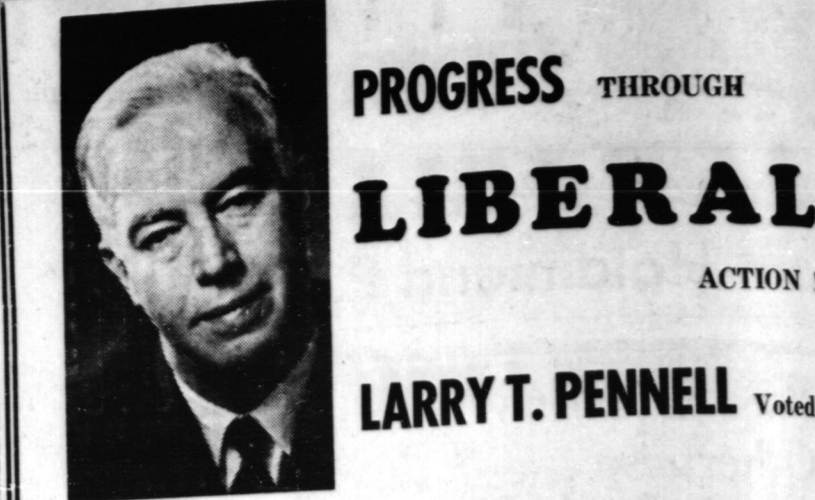

### LARRY PENNELL OPENS CAMPAIGN AT CAYUGA

Last Wednesday night Solicitor General Larry Pennell, M.P. for Brant-Haldimand, returned to local campaigning at the conclusion of a speaking tour in Western Canada and Southern Ontario. At a meeting attended by over 200 local supporters in the Cayuga Hotel, Mr. Pennell was joined by Bruce Beer, Parliamentary Secretary to the Minister of Agriculture and M.P. for Peel.

Speaking of events in the past two years, Mr. Pennell stated that "Canada has moved from a period of recession and economic stagnation to the greatest era of economic expansion ever known in her history. Over \$85,000 new jobs have been created; export sales of \$81 billion dollars mark an all-time high; the labour force is now the largest on record and unemployment has been drastically reduced."

While these statistics are matter of record, Mr. Pennell stressed the Liberal party is not running on its past accomplishments. No nation, or government, can afford the luxury of looking to the future for there lies the challenge. Canada must do its very best if our children are to be equipped to cope with the challenges of an increasingly complex and technical society.

One of our most pressing future needs, Mr. Pennell said, will be an adequate and highly skilled labour force. A 2.5 per cent shortage of skilled workers which impeded economic expansion has been corrected through Federal-Provincial training and retraining programs for students and workers and partly through an increase in immigration, which has risen from a low of 69,000 in 1962 to an anticipated 135,000 this year. Mr. Pennell also pointed out that there can be no prosperity on the farm if economic difficulties and unemployment exist in the cities. The worker must be prosperous in order to buy produce of the farms'.

**PROGRESS THROUGH LIBERAL ACTION!**  
**LARRY T. PENNELL** Voted:  
YES Increased farm credit  
YES Canada Pension Plan  
YES Reduction of personal income tax  
YES Youth allowance  
YES Increased Old Age Security  
YES Student Loans

### ON THE FARM FRONT

Brief Notes For The Busy Farmer

(intended for a previous issue)

Are you going to Night School this year? The Haldimand Night School Committee has sponsored the Rural Community Night School Classes for 17 years at the Rural Youth Centre, Kohler, in co-operation with the Community Programs Branch of the Ontario Department of Education and the Ontario Department of Agriculture. This year the committee has asked for support from the West Haldimand High School Board in conducting a full evening class. As a result, some of the most popular courses of past years, at the Rural Youth Centre, will be transferred this year to the request of the Rural Night School Committee and the committee is pleased that the High School is in a position to expand their night school program to include these courses.

There are several reasons for transferring the classes to the High School.

At the High School a wider range of classes is being offered to meet the needs of the rural and urban people. With several members in a family as well as small groups of people in a community, wishing to take advantage of these classes, the problem of transportation will be reduced.

The availability of equipment and facilities at the high school makes it possible to give better attention to the individual persons who are participating in class sessions.

At the same time, if individuals or farm groups are interested in having certain subjects presented, they are invited to forward their suggestions to the Advisory Committee. Such suggestions, of course, should be in the hands of the committee well in advance.

Through the co-operation between the Rural Night School Committee and High School Board many popular courses are being offered this year, in addition to the academic courses.

Commencing on Tuesday, October 5th, general interest courses get underway. These classes are held one night per week and include Conversation in French, English or New Canadian; Choral Music; Typing for personal use, law for personal use, record keeping for personal use, art and composition, physical fitness (men and ladies) and flower arrangements.

At the same time, academic courses which are a little longer, will start and these courses include: 1) Grades 9-10 English and Mathematics; 2) Grades 11-12 English and Mathematics; 3) Shop Mathematics; 4) Grade 13 subjects.

Classes of a Commercial & Technical nature include: 1) Bookkeeping—basic and advanced; 2) Typing—basic and advanced; 3) Auto Mechanics—basic and advanced; 4) Blueprint reading; 5) Drafting; 6) Electricity; 7) Machine Shop Practice—basic and advanced; 8) Welding—oxy-acetylene, 9) Welding—electric; 10) Sewing—basic and advanced; 11) Stationary Engineering.

Commencing on November 25th, additional general interest courses will start, and they will be held on one night per week for 13 weeks. The classes being offered include upholstery, copper tooling, millinery, leathercraft and flower arrangement.

Residents in the Dunville area will have art classes available to them this year, at the Dunville High School. The Haldimand Rural Council (continued on page four)

### The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Esther Meyer, a 50-year-old owner of a small store who makes \$5,800 a year.

If Esther continues to earn this amount from her business in 1967, having contributed until age 65, she and her husband, who is disabled and cannot work, can look forward to a retirement income of \$104.17 from the Plan and \$75 from Old Age Security—a total of \$179.17 a month. When her husband receives Old Age Security, their income will be \$254.17 a month.

Should Esther die anytime after her death, her husband will receive a disabled widower's pension of \$64.06 a month until he reaches age 65. At that time, or if he is already 65 when Esther dies, his pension under the Plan will be \$62.50 a month plus \$75 a month Old Age Security. On the death of his wife, Mr. Meyer will also be entitled to a lump sum payment of \$500.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you? If, like Esther, you have self-employed earnings of \$5,800 a year, you will pay \$158.40 a year which is 2.7% of \$4,400, the maximum amount upon which contributions are payable. Payment will be in instalments in the same way you pay your income tax.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada, The Honourable Judy LaMarsh.

### WHY BE CONTENT WITH A MERE 3%?

### GUARANTY TRUST

### PAYS 4 1/4% INTEREST

### ON YOUR SAVINGS ACCOUNT

That extra interest soon adds up. Full chequing privileges, too. If you wish, we'll return cancelled cheques.

We do not close our doors at 3:00 p.m. You can make a deposit or withdrawal from 9:00 a.m. to 5:00 p.m. — later on Fridays, Saturdays we are open from 9:00 to 1:00 p.m.

Transfer your account to us. We will take care of all the details.
