

IN THE ORBIT OF OUR EYE!

Now that an election has been called there must be a lot of interesting thoughts floating around in the minds of people who concern themselves with politics.

As this election approaches we can only consider it as humorous to contemplate the mood of the Press.

The Pearson Government that started out in the noble posture of the Kennedy style of influencing people and winning support finds itself weaving in the midst of the electorate from the scandals in Government arising in the past.

Whatever the outcome of the election it will automatically follow the one of two men: Pearson or Diefenbaker.

The demonstrators also said they had not received from Mr. Spooner's department the information they asked for, concerning the assets and debts of the old school board for Bling River and Elliott Lake.

The total school levy for the new Blind River district has increased 72 per cent (by \$85,053) to \$226,453, an average increase of 578 for each household.

Police say it seems Young kidnaped the girls and committed suicide after murdering them. There was a warrant out for his arrest, for wounding his wife, sworn out August 16.

It all started out simply enough. I took off my overcoat last spring, hung it up for the summer and I distinctly remember giving my Paisley scarf to the laundryman to have it dry cleaned and put away for another year.

After a few weeks had passed I asked Irene, the better half and among other things secretary of the treasury, if my scarf had come back from the cleaners. The answer was no.

Some of the newspapers, in particular, should hide their heads by this turnabout. They knock-out punch in 1963, but the "Chief" got up at about the count of five and he has been pretty effectively defending himself and the policies he is up to go after him in this round, as they did in the last, is not going to endear them to their readers so we can look for a better Press for John Diefenbaker in 1963 than he had in 1962.

WALPOLE MUNICIPAL COUNCIL MINUTES

Replying to a delegation of Lake Shore Cottagers who questioned the amount of road improvement provided by their tax dollars, Reeve, Edward Montague said "The tax dollar is divided between County rate, High School rate, Public School rate and Township Council rate of the Council's share the entire cost of administration must be paid. This leaves less than 10% of the tax money to be spent on repairs to existing roads and new roads to serve the lake front cottagers."

CHALMERS (Stone) Walpole Assessor, asked direction as to the collection of licenses and monthly levies on trailers and overuses. He was asked to get advice from the Township Solicitor and proceed to enforce the existing by-laws.

A note to the prominent Canadians who insist that Bell should be owned by Canadians.

They've overlooked one small point. Bell is already 93.6% Canadian-owned.

People who are uneasy about foreign control of Canadian companies needn't worry about Bell. For the fact is, the ownership of Bell is overwhelmingly Canadian.
