
You never know what is going to happen ir. the field of sports. Look what Detroit Red Wings did to the Canadiens, right in the Montreal Forum, on Sunday Coach Toe Blake was forced to accept the loss at the hands of the fired up Red Wings. This, when we realize Coach Blake has coached the team to five Stanley Cups. We have a parallel right here in Jarvis It happened last Thursday night when George Anderson, the coach of the Hol steins in the Jarvis Church Bowling League, had to accept defeat at the hands of Norm Graham's oilers. It was hard for anyone to remember when George had failed to win the Stanley Cup in the bowling league.

Quite naturally he has reviewed the strategy he employed in the play-off games to try and discover what went wrong. It was not until his wife, Mary, suggested that it was, perhaps, the cooling libation tendered to one of the members of the team following the second game by Norm Graham, the opposing coach, that might have led to the downfall. George was hesitant to accept this as the cause because on other occasions he had been able to fire up his team to a noble effort by the quaff of a libation at a critical stage of the game. He is not discounting the fact that Norm might have pulled a fast one in his state of desperation to win the title.

There were other factors against George in this particular play - off. The magnificent games played for Norm by Muffy McCarthy and Jean Ns on sort of took the punch out of George's team Persistent strikes, particularly in the final game were difficult to mat. ch. Besides the cheering from the bench (which incidently is illegal) proved extremely disconcerting to George's players. In addition to this the Bowling Alley ruled against George on a strike he made which could have made the difference. It all goes to show that even the best can be beaten when the breaks are against you. Geo. however, being the true sportsman that he is, was the first to congratulate the winning coach Reeve Craddock's team also participated.

Speaking of sports it would appear certain Jarvis will again have an entry in the Haldimand Floodlight League. An enthusiastic meeting was held on Saturday night with most of the old pros in attendance Jack Martin and Harry Reekie will have direction of the team and the ace pitcher, Johnny Edwards, has indicated his unswerving loyalty to the club this season. Jack Martin tells us there is likely to be six teams in the league this year. In addition to Jarvis, Villa Nova, Mount Hope and Selkirk applications have been received from Smithville and Waterford.

TOWNSHIP OF WALPOLE
ANNUAL
FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 1965

The Ratepayers of the Corporation of the Township of Walpole Haldimand County, Ontario

We have examined the records of the Corporation of the Township of Walpole, the Public School Area Board. the Recreation Commission and the Centennial Projects for the year ended December 31, 1965 and have prepared statements as set forth in the accompanying index.

The operations of the year resulted in a surplus of $8,729.84 which with the balance at the beginning of the year adjusted for transactions affecting operations of previous years' results in an accumulated surplus of $44,741.03.

In 1965 the overlevy of 1964 on the North Walpole Public School Area was used to reduce the 1965 taxes levied on the taxpayers of this area and the overlevy has been reduced by $10,272.15 in this manner.

Taxes in arrears have increased by $6,624.15 at December 31, 1965 and amount to $83,849.82. Collections during 1965 on the current roll amounted to 82.5% of the taxes levied.

We have not reflected on the statement of revenue and expenditure budget figures as these were not prepared in complete balanced form. We would suggest that to comply with statutory requirements the 1966 budget be prepared in complete form.

The municipality has again forwarded to the trustees of the Police Village of Selkirk the funds requisitioned by them: The Municipal Act requires that such funds be released only in payment of specific orders from the trustees. It is again suggested that this requirement of the act would be satisfied if the Township of Walpole forwarded the total amount of the funds requisitioned to the Township of Rainham in which the larger portion of the assessment of the police village is situated.

Surety bonds in force appear adequate with the exception that no surety bonds were presented on the treasurers of the funds of the Recreation Commission. The amounts of monies handled by these treasurers are small and a bond of $1 000.00 on each would seem to be adequate.

Subject to the qualifications concerning the budget. surety bond coverage and the handling of police village funds we report that in our opinion:

1. The financial transactions which have come under our notice have been within the powers of the municipality.

2. The audit has been conducted in accordance with instructions of the Department of Municipal Affairs.

3. The financial statements present fairly the financial position of the municipality as at December 31. 1965 and the results of its operations for the year ended on that date.
