JARVIS PUBLIC SCHOOL BOARD
A. B. Blight, Secretary,
JARVIS, Ontario

He didn't just stop at one column but discussed the subject for three days. Having read his column on each of these occasions we came to the conclusion that with him and, we feel, that if the Toe Alpha conference will have a meeting at his home on Saturday, we will have made a useful contribution to the temperate instincts of the next generation.

Having been born of a Scotch parent, on the paternal side, intelligence was never one of the fundamentals of our upbringing. The cup of cheer, in fact, contributed to the kindly and loving associations we remember in the face of this certain people of our acquaintance who claimed to be devotees of abstemiousness. We tried, as a youth, to recognize the superior virtues of this class, but without success.

At this point we will have to express our objection to the fact that minority of our readers who have set their minds against any form of indulgence will turn to the wretched and find something worthwhile to read. For example, a teenage drunk in our opinion, must be a mature individual who uses alcohol to the degree that it is detrimental to the welfare and happiness of his family, too, must be sick. Anyone who indulges excessively, on any occasion, must be suffering from some sort of problem. We are tolerant, therefore, and give this person the same consideration we give to those suffering from Cancer, heart trouble, liver trouble, or any other type of illness.

We can say, without any qualms, that our conscience was indulged ourselves in spiritual concerns whenever we found an opportunity to do so. In so doing we

of these will be the cafeteria department which will be held up for the convenience of delegates. It will be directed on the same pattern as that of the successful district convention held in London, Ontario, at this past summer which reached a peak attendance of over 14,000, with delegates from the many congregations of Southern Ontario.

During the weekend the witnesses from fifteen congregations will attend a total of nine hours of meetings consisting of discourses, experiences and demonstrations designed to set them to the more effective in the ministry. Between sessions time will be given to the witness to share Bible knowledge with residents of the Port Hope area for fellowship with other witnesses.

The members of Jehovah's Witnesses will be in a much better position to serve the spiritual needs of the community as a result of attending the convention, commented Mr. Wilcox.

Did you ever visit a large department store a day or two after Christmas? Did you see the people at the exchange counters with their arms and hands are the re-wrapped packages, gifts and return receipts? In some cases there is good reason for taking them to the store to exchange for something else. It is not that the grace and life of God in our souls is a precious gift, but that it is something that we can exchange for another gift of joy and peace. It is not that the grace and life of God in our souls is a precious gift, but that it is something that we can exchange for another gift of joy and peace.

THOUGHT: "What good is your faith if it doesn't work when you need it?"

Starting January 1st

all farm employees join 2,000,000 other Ontario workers with complete protection under Workmen's Compensation

With the co-operation of farm employers throughout the Province, the Ontario Workmen's Compensation Board is now able to provide full compensation protection starting January 1st.

Protected how? With benefits up to \$86.54 a week if an employee is disabled for more than two calendar days by an on-the-job accident or related disease happening on or after January 1st.

What about permanent disability? He's covered. Benefits include all medical expenses and pensions for permanent disability.

How about the worker's family? In death cases there are allowances for funeral expenses and pensions for widows and children.

Is this the same Workmen's Compensation that 2,000,000 men and women in other lines of work have protecting them? Exactly the same.

What about the farmer? He and his wife also can be covered by Workmen's Compensation, by making a special application to the Workmen's Compensation Board.

And his family? If they work on the same farm and get a stated wage, they are automatically covered, as is the Farm Employee.

Is there a charge to the Farm Employee for this? No. Farm employers provide this protection through assessments based on their 1966 payroll, payable in August.
