

to life imprisonment. He is now 21 years of age and is incarcerated in Kingston Penitentiary at Collins Bay.

Mrs. LeBourdais has written a book which claims Steven Truscott is innocent of the crime. She has also accomplished considerable air time via radio, to plead the case.

It would now appear that Mrs. Isabel LeBourdais is going to accomplish her purpose. That purpose was to gain a judicial inquiry into the Steven Truscott case.

In the meantime there are pretty knowledgeable people in affairs of this kind who are including Gordon Sinclair, the well known commentator and broadcaster and Joseph Sepwick, Q.C., whose legislative mind cannot be regarded lightly.

Can it be done? You bet it can. All that is required is a united front and the collective effort to make it a reality.

Persons receiving social assistance or who have low incomes would be eligible for OMSIP, either wholly or in part, by the Ontario Government.

Provincial legislators were faced last week with two legislative proposals. The first is the Melchers Distilleries Ltd. purported influence on the liquor control board.

Provincial New Democrats have raised the case in the legislature before. It came to public light first when Donald Macdonald, party leader, made a long statement about it early in 1964, which the Speaker ruled out of order because the matter was before the courts and therefore sub-judice.

This is the Centennial Symbol.

What does it mean? What does it mean to you?

We hope it means more than any other symbol you have ever been exposed to. Because this symbol is composed of eleven triangles. Ten representing the Provinces, and the other, our northern territory. The triangles are arranged as a stylized Maple Leaf, the identifying symbol for Canada and Canadians.

It is your symbol and it can help stand for you. From this point on, all Canadians will be caught up in the growing excitement of honoring 100 years of Confederation. Individuals will soon be involved with their own Centennial projects. Many communities

have already begun to embark on large scale Centennial endeavours. Industries have initiated wide-spread Centennial efforts of varying degrees. All Canadians working to say "Canada" to the world.

You will be seeing this symbol everywhere: on the symbol in your home, your office, at school; in your plant, wherever you can. The manual noted below may help to explain how you can best use it.
