

Well, we're in quite a mess right now with the organized segment of the labour force demanding wage increases of up to fifty percent. The settlement of the Longshoremen's strike set the pattern and the union heads of the steel, Railways and postal workers are not going to let the Longshoremen skim off any more than their share of the cream. When the smoke of the battle has cleared away-it is ever does-it will be the poor unorganized labourer and the old age pensioners who will really be the losers.

Included in the losing side will also be the primary producers because it is almost impossible to bring up prices of goods and services to match pay hikes that are effected by

strike settlements. It will be these people who will be subsidizing the organized groups throughout the Nation. Jarvis softball fans are a pretty dejected lot this week. The Jarvis entry in the O.A.S.A. Intermediate Play-offs went down to defeat against Stoney Creek on Monday night by a 2-1 score. The fans felt the team this year had the talent to win another Provincial Championship. It was strange series with Stoney Creek Jarvis won the first game 6-0, lost the second game 7-0 and lost the third 2-1 after being ahead one run in the eighth inning.

Maybe the players were feeling something like we do this week. It's a feeling we have never had before and we can only attribute it to the travelling conditions in town these days. We have often watched people getting off a roller coaster and they inevitably feel a little queasy. Perhaps the ball players are affected the same way. The condition of the streets, has affected a permanent disbalance. That's what we feel like this week and maybe the ball players are affected too.
