BOY SCOUT NOTES

The 1st Jarvis Boy Scouts had a very active August. With the assistance of the Venturer Advisor, Steve King five pairs were provided their time to transport eight Scouts over 250 miles to Camp Chickagani near Warren, Ohio Here the boys were split into pairs and assigned to a Boy Scouts of America Scoutmaster. The Jarvis boys camped and lived with their brother Scouts for one week. Doug Miller was selected by the Order of the Arrow, an Indian Service Group of Scouting in the U.S.A. to become a member of their tribe. He remained at Camp until late Sunday night, Aug. 14, 1966 and after a day of active exercise and scanty meals in silence Doug was accepted as an Ordeal member It is hoped that more of our Scouts will attend this camp again next year.
Activities planned for our next Scouting season are too numerous to mention. A few are Expo 67, Winter Camping, a Centennial Project, Paper, Bottle and Basket Drives, Ida-ho Jamboree, Trent Canal Boat Trip, etc
We need everyone's help, if you have a hidden skill or talent to assist boys to become better citizens, notify any of the leaders or members of the Group Committee.
To provide boys with the opportunities they want, we need help. If you enjoy and can talk to boys, you have the qualifications we need The job is time consuming, but if the boys benefit and you are obserbing their faces, this is often thanks enough.
If you wish to remain behind the scenes our Group Committee is the answer. If your wife or best girl objects we can keep them occupied with the Cubs or Ladies Auxiliary. Don't hesitate, call Allen Awde or Steve King 587-2937

LOCAL DAIRY WILL CEASE OPERATION OCTOBER 1ST

Mr. Lea Marshall, President of the Marshall Dairy Ltd., has announced this week that the local Plant will cease operations on September 30th. The Plant, Equipment and Routes have been purchased by Villa Nova Milk Products, located at Villa Nova.
In announcing the sale Mr. Marshall pointed out that the pricing policies of Government agencies made it impossible to operate except at a loss and that this has resulted in the closing of many plants. He also said that in order to keep the Plant in modern operating order would require a capital expenditure of at least $150,000 and that this was impossible under present circumstances. The Villa Nova Co-Operative, he said, is a new up-to-date plant and is equipped to handle the production of the producers that have been supplying milk to his Dairy.
This year marks sixty-three years Mr. Marshall has spent in the Dairy Business. He first started out as a Cheesemaker and later purchased his own Creamery at Black Creek. In 1924 he moved to Jarvis to manage the new (present) plant of Caledonia Creameries Ltd. The business was later sold to Hamilton Dairies Ltd and later the Borden Co. During this period Mr Marshall remained as Manager. The Borden Co. sold the business to the newly formed Marshall Dairy Limited January 1, 1933 and it has been operated as such since that time.
The Marshall Dairy Ltd will not relinquish its Charter and will dispose of present inventories of Milk Powder over the next several weeks and will utilize the present facilities in so doing
The Villa Nova Milk Products representatives have been interviewing producers and customers over the past week and feel that a smooth transfer of the services will take place at the end of the month.
Many of the key employees of the Plant will be absorbed in the Villa Nova operation.
