

If we were to lend a title to this piece it would be "A Day in Saskatoon". Saskatoon has changed. We spent a couple of days there twenty years ago.

when it would not have been improper to call it a cow town with certain refinements. The refinements were namely, the stately Lord Bessborough Hotel and the beginnings of the University of Saskatchewan campus. Ten years ago, our present visit, things were beginning to hum. Today, we found they are really wound up. The stately Lord Bessborough still dominates the scene but even this great host is being challenged by the Sheraton Chain with a modern edifice erected directly across the street. We predict the Bessborough will survive the competition. The University growth, however, is something else indeed.

The expansion program, started a number of years ago, can now really be seen. The opening classes this year will accommodate ten thousand students and the building complex defies description. We were given a first hand tour of the institution by our nephew, J.R. (Bob) Saunders, son of Mr. and Mrs. Kenneth Saunders, of Jarvis, who is on the University Staff this year in the Department of Veterinarian Science.

Commerce financing and bank services helped this farmer buy a new pick-up truck. Are you planning any purchases? Come to the farmer's bank.

CANADIAN IMPERIAL BANK OF COMMERCE

This is not all we experienced in Saskatoon. We met Mr. and Mrs. Charles Hodges. They went to the West in 1912 and successfully operated 1,000 acres there until Mr. Hodges is a younger brother of the late Wesley R. Hodges, a pole, who resided on the Nanlocke sideroad through his active years. We not only saw Mr. Hodges but travelled a hundred miles west of Saskatoon to his farm south of Brock, Saskatchewan.

It was not insignificant that a member of our party on this trip, Cyril Saunders, had spent a harvesting season with Mr. Hodges back in 1921. There was a great satisfaction to find that in the immediate area we were able to locate at least forty-five years ago. Our experience in these reunions could not possibly be communicated in type. The people in the West are different than the Easterners in talking to Charlie Hodges we have his word for it that there are few people that one could count on one hand that are still going on in Saskatchewan when he was there in 1922. Some of the family names are still alive but it is a new generation.

HI-HO! COME TO THE FAIR AT CALEDONIA
All roads lead to Caledonia on September 29th, 30th and October 1st for the ninety-fourth edition of Haldimand County's Caledonia Fair. It is here that the gaiety of a country fair and Ontario's finest livestock and home produce, will be arranged for your enjoyment. This is a Truly Agricultural Show which offers its exhibitors almost \$16,000 in cash prizes.
The first day, Thursday, September 29th is known as preparation day when literally thousands of exhibits from the homes, school, garden and field are placed and judged in the Exhibition Hall. This large, exhibitively decorated and filled to overflowing, is just second to Ontario. As usual, this Exhibition Hall will be opened to the public at 6:00 P.M.
When this tremendous competitive exhibit may be seen at its best.
The second day, Friday, September 30th is County Day and features dairy cattle, sheep and poultry as well as a Championship 4-H Livestock achievement show. While the Roadster and Hackney Horses are the General Purpose, Jumpers and Western horses will compete in the ring in front of the Grandstand. At 3:00 o'clock the Ontario Provincial Police Motor cycle Precision Ride. Following the Ride, Mr. C.D. Johnson, of Caledonia, Warden of Haldimand County, will officially open our 1966 Caledonia Fair.
The third and final day, Saturday, October 1st, brings thousands of city and country folk together to watch the beef and dairy cattle and the pigs shown. All types of harness ponies will be judged on the track and these classes will be interspersed with six heats of harness racing. The many spectacular classes of Palomino and Saddle ponies will be shown in the ring as well as some sixteen classes of Heavy Harness Horses.
For the mid-way-minded, the Bernard Amusement Co. will set up for your entertainment the finest collection of shows and rides you have ever seen. There will be fun for all, both old and young, in this great tented city, the Midway.
Two great Nite Shows will be staged on Friday and Saturday and these will be without any extra charge to the grandstand.
On Friday night, starting at 7:50 the "Golden Helms" will again present the Ontario Provincial Police Motorcycle Precision Ride. Then at 8:30, Paul Riddell and his Imperial Hell Drivers, driving 1966 Valiants, will defy death for your enjoyment when they present the "Wildest Show on Wheels".
Saturday night at 8:15 the same Imperial Hell Drivers will present their thrill and demolition show which has packed every grandstand from coast to coast.
Listed above are only a few of the many features to be seen at the 1966 Caledonia Fair. It has long been the ambition of our Directors to present a Fair of the highest quality in Education and Entertainment and we fully believe that a visit to our Fair on September 29, 30th or October 1st will convince you that we have not faltered in our efforts. May your visit to our Caledonia Fair be both pleasant and profitable.
A pleasure-giving document is now circulating in most offices - the annual vacation list. Employers and workers are both reminded by the Ontario Safety League of the advantages of starting and ending vacations in mid-week for those who are taking their cars out of town. That trip to the cottage is pleasanter and safer on a weekday. And it helps others by taking some of the pressure off the weekends.
