We especially appreciate the cards, floral tributes, contributions and expressions of sympathy shown to us in the loss of a dear wife and mother. We especially wish to thank Rev. F. Speaking in Canadian history, the Centennial, one thing that struck me was the number of Committees, Institutes and commissions that have been set up to study the past, the future, and the present. It seems to me that the education of our youth is being planned for the future, not for the present. The education of our youth is being planned for the future, not for the present.
