### CHURCH NOTES

**AFTERNOON UNIT PLANS CENTENNIAL SERVICE**

The Afternoon Unit of the U.C.W. held their April meeting in the Church Parlor. Mrs. H. Belbeck presided and opened the meeting with the Psalm "Take Time". Mrs. Duxbury and Mrs. Johnson were in charge of the worship service. The theme was "The Giving of the Holy Spirit". A hymn was sung and Mrs. Johnson read the scriptures. Mrs. Duxbury gave the meditation and closed the service with prayer. The offering was received and dedicated. The Explorers' banquet was announced for May 2nd and the CGIT banquet for May 10th. The Centennial Church Service will be held on May 21st.

The quilting of the quilts for the sale was discussed and the date will be decided on later. Mrs. Bailey gave a few interesting facts taken from the study book on "Canada". Mrs. Belbeck closed the meeting with prayer and a social half hour was enjoyed with lunch served by the committee.

**CENTENNIAL TREES PLANTED AT ST. PAUL'S CHURCH**

Last week four of the Canadian Centennial Trees—the Pink Almey Flowering Crab-trees—were planted in the grounds of St. Paul's Church. Four others in the gardens of members of the congregation, and two in the grounds of Christ Church, Nanticoke. These are well-known trees which have already bloomed and may be expected to produce a flowering of pink blossoms this year.

They came from the Waterford Nurseries and were planted by the nurseryman himself and guaranteed by him. They are to be remembered marking the Centennial of Canada's Confederation.

granted special University of Guelph certificates to indicate Ontario Grade 13 requirements. Last year's Spring admission class was very successful, so more are trying it this time. The students enter the world of higher education in the "off-season" when the campus is a little quieter, the faculty more accessible and the residences our. If they persevere and take three semesters a year, they can graduate in a Pass Course in two years, or an Honours Course in three years thus eliminating one year from the normal course.

The Universal and International Exhibition of 1967  
Montreal, Canada/1967, 28-OCTOBER 27, 1967

**One of the most interesting stories at Expo 67 isn't even on the site.**

It is Canada's first electronic telephone exchange, located in this new building in downtown Montreal. Its exciting new features are now serving exhibitors at Expo 67.

In 1968, it will serve 15,000 subscribers with such conveniences as an ability to reach frequently called numbers with just the touch of one or two buttons; it will let you transfer a call automatically to an other number when you are away from home or office.

And these are just two of the many features which electronic exchanges will eventually bring to more and more of our customers. This, the first such exchange, is tangible evidence of our aim to make your telephone ever more useful and helpful.

You are cordially invited to visit the Telephone Pavilion at Expo 67. It's the Progress Show of the Canadian Telephone Industry where you will be able to see and try the "magic" features of an electronic telephone exchange.
