WISDOM, UNWISDOM AND OTHERWISE - BY "THE OLD OWL" THE ROMANCE OF THE MONARCHY In the current issue of "The Hamilton Spectator" there is an article written by Mr. Robert Nielson in which he states his opinion that by 1880 Canada will be a republic within the Commonwealth. Incidentally, he says he is the one who writes the pre-probation editorials in the "Toronto Star."

WISDOM, UNWISDOM AND OTHERWISE - BY "THE OLD OWL" THE ROMANCE OF THE MONARCHY He also says the Queen means nothing to the various ethnic groups. He does not realize that most of these people are refugees from republican rule, seeking and yearning for a monarch. He recalls that the American people have never thought about monarchy and emotional people are bled as it was by Canadian monarchists. I sometimes feel that the Americans are trying to make a Kennedy family out of the hands of the newspapers in order to show their loyalty to whoever one of them is.
