NEW BENEFITS

Effective July 1, 1968

In keeping with its practice through the years of increasing benefits wherever possible, the Ontario Hospital Services

Commission announces new benefits for hospital out-patient services and essential ambulance services effective on July 1,

1968. These benefits are now available to all residents covered by Ontario Hospital Insurance for whom such out-patient

New Out-Patient Benefits

In addition to out-patient hospital services already covered (emergency care; follow-up treatment of fractures; radio-

therapy; physiotherapy; occupational therapy and speech therapy) the plan now provides further benefits for the use of

hospital facilities in out-patient treatment prescribed by a physician. This means that many hospital visits not previously

insured, such as use of operating room for minor surgical procedures and the use of hospital facilities in the treatment of

Essential Ambulance Service

Ontario Hospital Insurance will now cover, also, the major part of ambulance charges when an ambulance is necessary to take a patient to or from a hospital. The use of an ambulance must be considered necessary by a licensed medical doctor, a central ambulance dispatching service, a designated hospital official or another person authorized by the Commission.

In the case of a road accident, a police officer may authorize the use of an ambulance. The ambulance must be supplied

by a recognized ambulance service operator (municipal, hospital, and approved private and volunteer ambulance

no more than \$25.00 will be payable by the patient for any land trip. Where use of an air ambulance is specially authorized

by the Director of Emergency Health Service of the Ontario Hospital Services Commission or a person designated by

him, the patient will not have to pay more than \$100.00, including the cost of any connecting land ambulance service.

than those that they defeated. The new parliament will obviously be much different from those elected in the last 4 general elections. We look forward to the emergence of new thoughts, new ideas to cope with the problems that face Canada aow and in the future. Many men of considerable talent were defeated in this election and their thoughts and ideas will be lacking when parliament is reconvened. Their defeat signals a new Canada, a Canada who is seeking new ideas to conquer the problems created by modern living. We wish Mr. Trudeau success in instituting new reforms and ideologies in preparing Canada
