 "Let Us Have Faith That Right Makes Might and In That Faith Let Us Dare To Do Our Duty As We Understand It"

COMMENT WE CAN'T RESIST EARLY SPRING NUPTIALS

Tremendous things are happening in our community. It started off with the Development of Ontario Hydro and the projected \$243 Plant that is to be built in the Nanticoke area. Indeed, that extends Northward further than we can see. From came the present announced Stelco Land options which at this point have been extended for another month. In our opinion there is little doubt that our Community will be manufactured in the next few years.
