Study Director Appointed

The Department of Municipal Affairs has announced the appointment announced the appointment of Eric Grove as Assistant Study Director of the Haldimand-Norfolk Study.

He will help to prepare a regional development plan and proposals for regional government for the two-county area.

Mr. Grove will have special responsibility for liason with the Joint Study Committee recently appointed by the two County Councils, as well as with municipal councils, planning boards and other local bodies. His offices will be in the Norfolk County Administration Building in Simcoe and in the Court House in Cayuga.

Until recently, Mr. Grove was the Branch Planner for Central Mortgage and Housing Corporation in Hamilton, and is well acquainted with the Study Area. His home is in Hamilton.

the Steel Company of Canada land in Walpole have been sold to real estate firms or investment brokers, it was learned last week.

Walpole Reeve Hugh Greenfield said the sales constitute several hundred acres and rumour has it that it sold for over \$1,000 an

Mr. Greenfield added that the land is zoned agricultural and the township has not pleased to announce the been approached by anyone hiring of Mr. Geoff T. Dray as their new for rezoning.

Nanticoke residents fear the development of satellite towns rather than growth of the present village.

However, Municiple Affairs Minister Darcy. McKeough said that satellite in new towns are unlikely for the area. He added that. "next door to a steel company is the worst place for a new town."

Assessment Office

Mr. Dray is a native of London, Ontario and originally started in the printing and lithographic field in 1959 with Knowles Lithographing in London. He then moved to Lawson and Jones Ltd. in Londons where he was in charge if the production of Job
