Picturing Nativity

The Christmas crib or presepio is an especially treasured part of the Portuguese holiday celebration. Every home and church seems to have one, and some of those in the churches are masterpieces of art.

Especially famous is the presepio in Estrella Church, Lisbon. This Nativity scene depicts the people of Bethlehem, in terra cotta figures. Unique among the crowd are the figures of an elephant and a bapier.

Baking Cakes

If the weather on St. Nicholas Day, December 6th, is misty, a Dutch legend can explain it. St. Nicholas is baking his cakes.

Traditional cakes - Zelten or Kasse - are adorned with different figures. These children are told, are the marks made by St. Nicholas' donkey as he steps over the cakes on his way through the mist.

Thank You

As 1969 draws to a close, I would like to take this opportunity of expressing my sincere thanks to all the citizens of the Village of Jarvis, for the confidence and loyal support they have placed in me over the past nine years. Particularly do I thank those who showed patience and understanding during the lengthy and trying times that our streets were torn up. I would also like to say what a pleasure it has been for me to represent you, in serving as Warden of Haldimand County this past year.

For the future, I can only wish your new Reeve and Council success in building a bigger and better Community. To each and everyone, may you have a Merry Christmas and a prosperous New Year.

Correspondence Courses Helpful To Farmers Dr. N.P. Huschilt Installed As G.K.

"There are serious cultural problems that require help from outside the farm," says Professor Gary Hutchison, Office of Continuing Education, University of Guelph. "But my farm people could prove their position substantially with a few hours correspondence study to find out what this science of agriculture is all about."

A correspondence course does not provide a recipe for finding a 125-pound hog under every farmer's conditions. However, a course in Animal Nutrition explains feed nutrients and common livestock diseases due to unbalanced rations.

The material in the corn financial management course is of a type that can be used in day-to-day operations. Various other courses are offered by the University.

The Unitarian Service Committee sponsors Village Leadership Training Courses in York and Bihar States, a USC headquarters is at Sparks Street, Ottawa.

program will cost a little time and money, but it can easily return its cost several times over each year.

Further information on correspondence courses may be obtained from Correspondence Study, Office of Continuing Education, University of Guelph, Guelph, Ontario.

Merrily, Bells Are Ringing For Holiday

Ringed across the ages and around the world, bells are part of the traditions of Christmas. Zurich, Switzerland, has long been noted for its beautiful bells, say the editors of the New Book of Knowledge.

Every Christmas Eve, the Zurich bells ring out loud and clear, calling families to church.

This same tradition is repeated in thousands of other cities, where chimes and bells ring out at midnight from the steeples and spires of churches.

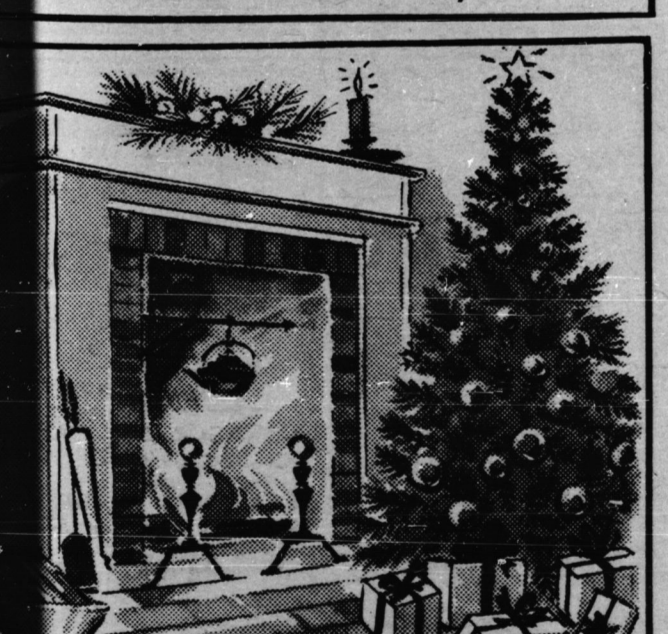

Bells contribute to the sights as well as the sounds of the holiday season. They are a popular decoration and are used as ornaments on trees.

Let the eternal light of love, the symbol of His birth, shine into every heart, bringing peace to all.
