

Increase Justified

"The second move of the Ontario Milk Producers Marketing Board to increase the price of industrial milk is more than justified, and should have been initiated much sooner," Walter Miller, President of the Ontario Farmers' Union said today.

Mr. Miller said the raise represents less than a 2% increase, and that the restraint imposed by the Ontario Milk Commission on the board's attempt to make the increase effective last May 1st, was a deprivation of farm

income which really should have been implemented before now.

"Had this been the second increase it would still be quite nominal, compared to the cost of production burden the producer has had to bear."

He said he believed the time has come when returns to producers must be based on regular pre-arranged increases according to cost of production and net profit ratio, without interference of the government commissions.

Nostalgia Reigns In Horseshoe City

Mr. Miller said the OFU, in a letter to Premier Robarts, had strongly protested the interference of the Ontario Milk Commission with the OMMB attempts, May 1st. At that time the Commission ruled in favour of processors who appealed the 6 cent per cwt. raise. The Ontario Milk Commission is a government body responsible for policing the Milk Act.

"Farmers should not be expected to subsidize inefficient processing plants just so they can stay in business," he said.

Farewell Party For Patients

The afternoon of June 17th is one that will be remembered for some time by many of the staff and patients at the West Haldimand General Hospital.

It was a lovely, sunny afternoon and seventeen of the chronic and long term patients spent it basking in the sunshine in the courtyard of the hospital. The occasion was a party to complete the activities of the Occupational Therapy group until September. The patients were delightedly entertained by two boys on their accordions.

Refreshments were then served bringing the party to a close. Relays of nurses with wheelchairs returned the patients to their rooms. Everyone agreed that the joy on the faces of those patients as they left more than rewarded our efforts.

Since February, a group of volunteers under the direction of Mrs. L. Clarke and Miss Hazel Evans have instructed and helped patients with crafts one afternoon a week. This is a beginning in an Occupational Therapy program to improve the mental and physical well-being of the patients. The volunteers who have given so much of their time and talent, are - Mrs. K. Schwyer, and Mrs. J. Penrose of Fisherville, Mrs. M. Bolstad, Mrs. S. Young and Mrs. J. Williamson of Caledonia.
