Outstanding Haldimand Citizen Dies

The Wilson-MacDonald Memorial School Museum, is scheduled to open on the 15th of this month at Cheapside. Here Mrs. Earl Sider rings the school bell as she prepares for the opening. Some 1,000 visited the school last year. (photo by Jim Mercer)

Facilities Inadequate

The population of the Village of Hagersville will double in ten year's time and force Council to find new methods of sewage disposal. This was a statement given by Reeve Lyle Furry at last Monday night's council meeting.

This problem will form the major topic which the Hagersville Council hopes to discuss with Provincial Officials at a special Council Meeting on June 16. Council has asked Nigel Richardson, director of the Haldimand-Norfolk study, to attend the meeting and discuss future regional housing and sewage needs in light of nearby industrial development at Nanticoke.

At present the sewage treatment plant is operating at about 170,000 gallons per day, only 30,000 gallons short of its capacity.

The situation will become worse if the Ontario Municipal Board approves the proposed water and sewer services for West End residents.

In addition, Mohawk Realty Ltd. of Hamilton is planning a subdivision in the south east corner of the Village. The plan calls for a three-stage subdivision with homes for 500 persons during the first stage of development.

A representative of the OWRC has gained figures on present and future Village requirements. He is expected to report shortly on effects on the proposed subdivision and on how many lots the Village will be able to service following the West End construction.

Walkathon For Pool

Hagersville United Church Young People Triple "F" Club are sponsoring a walkathon with all proceeds going towards the Hagersville Lions Club Swimming Pool.

The 19 mile walkathon will be held on June 21st as part of the trade fair celebrations organized by the Hagersville Lions Club. The Trade Fair will begin on Thursday night and run for three days. During the weekend about 30 local merchants and manufacturers will display their products at the arena and there will be rides for the kiddies.

Along with the walkathon on Saturday there will be a parade with floats, bands and majorettes. The parade will leave the Community Centre at 1:00 p.m. and will end up at the arena.

Operate Rabies Clinic

Dr. Cook of the Health of their Annual Twilight Meeting is to be held at the Department of Agriculture, farm of Glen Howley, R.R. no. 2, Caledonia, on Friday, June 6th, starting at 7:15 p.m. The Howley farm is 16th in the Dunnville area. Readers are advised to watch their local newspaper for further details.

For those who missed the Alfalfa Weevil Meeting held recently, there will be another opportunity on Thursday evening, June 5th. Farmers of Lincoln, Wentworth and Haldimand counties will gather at the Bosch Farm at 8:00 p.m. on County Road 21 (the Lincoln-Wentworth County Line).

Following the field trip, the group will re-assemble at 9:00 p.m. at the Community Centre at Abindon. Karl Bereza, Insect and Disease Specialist, and Howard Henry, Soils and Crops Specialist, will be in attendance for discussion of alfalfa weevil problems.

Until the latter part of May the development of the alfalfa weevil was quite slow. It is not expected that much serious damage will be seen before the first week of June. By that time it may be possible to cut the crop for hay or silage where damage is likely to be severe. Where spraying is required, chemicals recommended include Malathion, Sevin, and Methoxychlor. Under no condition should application be made without being thoroughly familiar with the recommendations. As soon as the crop is in bloom special precautions should be made to avoid killing the bees.

Haldimand Holstein and Steve Payne, Chairmen of breeders have advised that

Boy Scouts Donate Tree

On Tuesday, May 30, the Group Committee of the First Jarvis Boy Scout Troop donated a beautiful Loretta Spruce tree to the Village of Jarvis.

At that time members of the Troop planted the tree in front of the Jarvis Municipal Offices.

Supervising at the tree-planting ceremony were Scoutmaster Howard Nigh and Steve Payne, Chairman of the Group Committee.

The passing of Andrew Laird Miller at the West Haldimand Hospital on Tuesday June 3, 1969 removed from the community one of its most prominent citizens. In his 58th year, he had been suffering from poor health for the past six months and had been confined to his bed almost continuously for the past four months.

The youngest son of George Lumsden Miller and Alice Arletta Snyder, deceased; he was born on December 11, 1911 at R.R. No. 3, Jarvis. He attended the Woodhouse Public School until moving into Jarvis in 1917 with his parents where he continued his education at the Jarvis Public and Continuation School, and subsequently at the Simcoe Business College and the Ontario Agricultural College in Guelph. Following his marriage on October 16, 1935 to Mary Eleanor Saunders he continued to reside in the village.

His interests and activities were numerous and varied. In business he played a vital role in the development and expansion of the Marshall Dairy Ltd. where he commenced employment in 1927 and continued until the sale of that business in 1966. He was elected as a director of that organization in 1947 and continued on the board until his death. He assumed the editorship of the Jarvis Record from his father in 1935 and became both editor and publisher in 1947. He continued in this capacity until the recent transfer in 1947-48 and the ownership of the newspaper. During his tenure as editor he was actively associated with the Ontario-Quebec and Canadian Weekly Newspaper Associations, and served on the boards of those organizations for a total of four years. As editor he was the winner of the Charter's

Trophy, "Best Class 'O' Weekly in Canada", The Harmon Rice Trophy, "Best Editorial Page", and the Printer and Publisher's Prize, "Best Front Page" on several occasions.

On May 23, 1967 he was appointed Sheriff of Haldimand County, Local Registrar S.C.O., Registrar of The Surrogate Court, and Clerk of the County Court; positions which he held until his death.

He was a man who took a keen and active interest in affairs of the community and promoted the interests of the village at every opportunity. He was a past President of the Jarvis Board of Trade and served as secretary for a 12 year period. He was instrumental in forming the Jarvis Lions Club and served as its Charter President in 1947 and was appointed Zone Chairman shortly thereafter. Other interests included the Jarvis Public School Board on which he served during the years 1947-48 and the Haldimand-Norfolk Floodlight League (Softball) of which he was a Past President. In 1958 he was chosen as the Chairman of the West Haldimand Hospital Board and during his Chairmanship

(Cont'd on pg. 14)

One span up, and one span to go is the situation at the new Pt. Dover lift bridge. The bridge, much higher than the old one, will allow most boats to pass under it allowing highway traffic to continue uninterrupted.
