# Roy Edwards Headlines Awards H.S.S.

Roy Edwards, a goaltender with the Detroit Red Wings and of the National Hockey League, was the guest of honor at the annual Awards Banquet at the Hagersville Secondary School on Friday night, May 30th.

He turned professional with Calgary in 1958-59 and then spent eight years in the Chicago Black Hawks organization before being drafted by Pittsburgh in the Secondary School on Friday night, May 30th.

Who was his favourite hockey team as a boy? "I lived and died with the Toronto Maple Leafs" he said.

When asked how he thought Hap Emms would perform as coach of the Canadian National Team he said "I hope he is very successful-for Canada's sake."

Seven Honor Pins were awarded to students who have accumulated 60 bars for students were team leaders and individual champions in intramural sports and both zone winning performances in Zone meets and SOSSA Competitions.

Roy, a native of the Caledonia area, started playing organized hockey at the age of 13. He played goal for the Whitby Dunlops in 1958 when they won the World Amateur Hockey Association Championship in Oslo, Norway.

Before playing a game with the Penguins he was traded to the Red Wings and is now their number one goaltender.

The 5'8" netminder addressed the large number of students and teachers present and emphasized that "to be a good loser it takes a better person than it does to be a good winner." "Anyone can be a good winner" he said.

Both of these outstanding

During the awards ceremonies trophies, bars and crests were presented to the outstanding athletes in the school as well as bars to club leaders and members.

Mr. Bishop, Principal of the school, announced the election of Bill Hicke of Hagersville as the President of the Student Council for the next school year.

Mr. Miller also took a leading role in many community affairs and served on council and was reeve of the Village for three years.

He was also active in politics and served as president of both the Haldimand Conservative Association and the Brant-Haldimand Conservative Association.

He was also active in many clubs and organizations as well as spearheading a drive to get the West Haldimand General Hospital, which is now a reality.

He will be long remembered for his untiring public service. He will also be remembered for his easy friendship to people in all walks of life as well as his good humor that prevailed despite of any problems he might of had.

The county has just one of its most unselfish person in his untiring efforts to make Haldimand a better place in which to live. He will also be missed by his journalistic fraternity, through this newspaper he also served in advancing the community.

(Formerly Cam Thomson)

Following his address a question and answer period was held, during which he said his greatest thrill in life was playing his first game in the N.H.L. "This he said "was the climax of a boyhood dream to play in the N.H.L. and years of time and very hard work."

The objective of the committee is to give area residents a voice in the form of Regional Government they are to have.

From the 34 members a six man steering committee was established to study local attitudes towards future municipal and regional boundaries, municipal finance, urban development agriculture and transportation. These factors must be resolved before any regional government takes effect in the area.

The major task of the committee is to serve as liaison between county and municipal governments and the Haldimand-Norfolk study, established in March to examine local government in the area and make recommendations for regional government.

The committee will also make recommendations to Nigel Richardson, study director. It will examine future development, planning and local government.

This study committee, which was proposed to representatives of the two counties in early May by Darcy McKeough, Municipal Affairs Minister, will indefinitely postpone creation of a joint planning board which has long been in the discussion stage.

**\$120.50 less**  
than last year's Impala comparably equipped.

## Now more car really does cost less.

Normally, you expect to pay more to get more. So you'd naturally expect Canada's favourite car, Impala, to cost more than a '68 Impala with the same equipment. Well... the price spiral stops right here.

Like an example? Take our Impala Custom Coupe, equipped with a 300-hp Turbo-Fire V8, power front disc brakes, Turbo Hydra-matic transmission, head restraints, whitewalls and wheel covers. And we'll take \$120.50\* off last year's price.

How come? Because this year we've cut the price on the 300-hp motor, the Turbo Hydra-matic transmission and the power discs, and we've made head restraints standard equipment. So you save a bundle.

And on top of all this, Impala's a better car this year. By now you should be getting the message. More car, less money.

And your Chevrolet dealer will be happy to prove it.

## Planners Get Together

The members of the Haldimand-Norfolk joint study committee officially sat together as one unit for the first time last week.

The objective of the committee is to give area residents a voice in the form of Regional Government they are to have.

From the 34 members a six man steering committee was established to study local attitudes towards future municipal and regional boundaries, municipal finance, urban development agriculture and transportation. These factors must be resolved before any regional government takes effect in the area.

The major task of the committee is to serve as liaison between county and municipal governments and the Haldimand-Norfolk study, established in March to examine local government in the area and make recommendations for regional government.

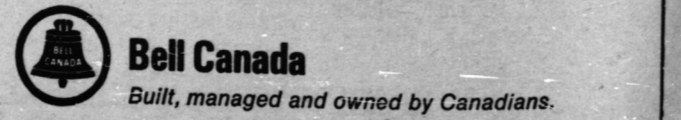

The committee will also make recommendations to Nigel Richardson, study director. It will examine future development, planning and local government.

This study committee, which was proposed to representatives of the two counties in early May by Darcy McKeough, Municipal Affairs Minister, will indefinitely postpone creation of a joint planning board which has long been in the discussion stage.

## Editorial Comment

### Former Record Publisher Dies

Haldimand County has lost one of its most prominent and outstanding citizens in the death Tuesday of A. Laird Miller.

He was the editor and publisher of The Record for many years and the success he had in the field was shown by the many awards he won including the best newspaper in Canada for a Class C paper.

He was the son of the late George L. Miller and followed in his father's footsteps by taking over the paper in 1935.

Mr. Miller also took a leading role in many community affairs and served on council and was reeve of the Village for three years.

He was also active in politics and served as president of both the Haldimand Conservative Association and the Brant-Haldimand Conservative Association.

He was also active in many clubs and organizations as well as spearheading a drive to get the West Haldimand General Hospital, which is now a reality.

He will be long remembered for his untiring public service. He will also be remembered for his easy friendship to people in all walks of life as well as his good humor that prevailed despite of any problems he might of had.

The county has just one of its most unselfish person in his untiring efforts to make Haldimand a better place in which to live. He will also be missed by his journalistic fraternity, through this newspaper he also served in advancing the community.

## COUNTER CLOCKWISE

20 YEARS AGO

Initial steps were taken in a plan to develop a children's playground in the village. At a meeting of the Jarvis Board of Trade last week a committee of Rev. J.W.E. Newberry, A.B. Lundy, John Peresky, Robt. Lysch and R.J. More was named to check possible sites.

Frank Ford, well-known Walpole farmer accompanied by Ernie Hagan, M.E. Brokenshire and Harold Hopper recently returned from a ten day trip to Texas where Mr. Ford purchased a "TO" Breed Hereford Bull Calf. The calf was raised on the Diamond L. Ranch at Fort Worth and was transported to Buffalo by air and hence to Hamilton by railway.

Board of Trade recommended regulated Main Street parking to ease the congested parking situation in the section.

Veteran Newscaster, Jim Hunter, has written 30 to an illustrious career as newscaster at 48 years of age. His sudden passing was a shock to thousands of people who listened to his broadcasts religiously.

30 YEARS AGO

This was our headline Wed., June 7, 1939: WELCOME TO THEIR MAJESTIES. In loyalty and sincerity The Village of Jarvis extends a Royal Welcome to Their Most Gracious Majesties on this the occasion of their visit to Southern Ontario. With a sincerity which transcends all pomp and circumstance we pledge a new our unswerving devotion.

Jarvis Firemen attended the annual Decoration Day services held on Sun., in Dunnville. Eleven Fire Departments took part in the impressive service at Riverside Cemetery.

Reeve Lea Marshall, in company with Mrs. Marshall will attend the official ceremonies as guests of the City of Hamilton and will occupy reserved seats in the Royal Enclosure.

## Wise, Unwise And Otherwise

By the Old Owl. THE GLORIOUS BEAUTY OF GOD

This is the most beautiful season of the year. There is the lush green of the grass and the delicate green of the trees and all around us the bright colours of thousands of flowers, all beautiful. Right in the middle of this beauty we have Trinity Sunday, when we give special thought to the Holy Trinity - Father, Son and Holy Spirit Who are all described as being partakers in the work of creation. This naturally leads to the thought of God being Himself beautiful and the Author of earthly beauty. A human attempt to describe the glorious beauty of God is found in St. John's vision as described in the fourth and 5th chapters of the Book of Revelation.

God's works on earth are beautiful, much of the ugliness we see is man-made - the slums, business sections, factories, of our cities; the ill-kept farms, slag heaps around mines, burned out forests and so on. But there is also a glorious beauty that is man made - the freshly ploughed field, the growing crops, the ripening grain, the loveliness of the fruit trees and of the shade trees. There is the beauty of the birds, the wild flowers, the streams and rivers, the beauty of sunrise and sunset.

Some beauty is man-made - the well kept farm, the beautiful gardens and so on. In the city we have beautiful churches and other buildings and monuments, even some business structures have an element of beauty and there is often beauty in bridges, canals and such like.

God has given man a sense of beauty and so he produces beautiful things (I have made no reference to Art, Sculpture, Music). In other words, God works with man to produce beauty and we are working with Him when we produce a thing of beauty. Animals do not seem to have this idea of beauty, it is one of the things that are included when we speak of man being made "in the image of God", not physical image, of course, but like Him because, among other things, we share with Him this love of beauty.

If God loves beauty, He must Himself be wondrously beautiful. St. John was a devout and gifted Christian, in his vision he gives us his attempt to depict what he felt God would be like. We cannot accept his description literally but we get from it the central idea, that God is supremely beautiful.

Heaven and Paradise must also be places of wonderful beauty. Maybe I should say "states" instead of "Places", but whichever it is it must be beautiful. If God has given us so much beauty on this earth surely the heavenly places are still more beautiful. Heaven as sitting on a cloud playing a harp, but as life among the most beautiful things that can be imagined.

## LETTERS TO THE EDITOR

May 13, 1969

Jarvis Record:

Will you drop me a line? I haven't paid for my paper this year. I don't know how much to send.

I do enjoy the home paper so much. You have improved it so much. When I get through reading it I give it to my sister to read. Her name is Amy Church Dettling. Both of us are Jarvis girls. We are William Church's daughters. Thanking you, I'll send a cheque when I receive the bill.

Mrs. Frank Lerg  
1339 S. State Street  
Ann Arbor, Mich.

Mr. Douglas Galbraith, Managing Editor, The Jarvis Record

Dear Sir:

This is to inform you that I will be moving from my present residence at 508 Dundas Street East, Apartment 409, Toronto 247, to a new residence at 1430 King Street West, Suite 608, Toronto 150, Ontario.

I trust that this letter will reach you in time for this week's issue of The Record to be sent to my new address.

Only 19,666 farms, or approximately 7.2 per cent of all Canadian farms classified as commercial in 1966 (farms selling products valued at over \$2,500) had a capital investment varying upwards from an average of \$117,000.

Canadian beef consumption is expected to rise to 2,605,000,000 pounds in 1980 say Canada Department of Agriculture economists. Cattle output will have to rise three per cent per year to meet this demand.
