Summer Outlook Grim

Prospects are bleak for month. Enough of our staff high school students seeking may be interested in temporary jobs in the teaching students in the Ontario labor market this morning, and there are a lot of good university graduates in town that may want to get involved," said Mrs. Beck.

So why not keep the schools open and conduct enrichment classes for students to attend on a voluntary basis? says Jeanne Beck, a Dundas trustee on the Wentworth County Board of Education.

The board last night unanimously backed a request to the executive council to investigate and report back on a summer school program as soon as possible.

Summer school, said Mrs. Beck, is the board's opportunity to do something new, exciting and meaningful in education.
