

**How to keep the traffic moving when rush hour hits the hot water.**

Rush hour. Every family has one. When there are dishes to be washed, kids to be tubbed, Dad scrubbing up. Then Sis decides she *has* to have a shower. It takes a lot of hot water to keep the traffic moving.

That's why you need the Cascade electric water heater—the big producer. It's got the capacity a busy family needs, and it's economical, too. Cascade keeps you in hot water for only pennies a day. Ask your Hydro about the quiet, clean, electric Cascade water heater.

Quick Chicken Pot Pie\*  
 Tossed Greens  
 Apple Crisp

Plentiful and inexpensive right now, chicken is a good main dish to serve your family or guests. However, here's a word of caution from the Ontario Food Council, Ontario Department of Agriculture and Food.

Poultry is very perishable and must be stored carefully to prevent bacterial growth. The bird or pieces should be carefully washed, freshly wrapped, and then refrigerated or frozen, as soon after purchasing as possible.

Once a frozen chicken has been completely thawed, it should not be refrozen. If plans change and you can't use it, pop the bird or pieces into the oven until cooked through. Then refreeze with a clear conscience.

1 cup cubed cooked or 7-oz. can of chicken

- 10-oz. can mushroom soup
- 15-oz. can peas
- 1/2 cup milk
- 3 cooked potatoes
- 3 cooked onions
- 1/2 recipe baking powder biscuit dough
- Cook potatoes and onions in boiling salted water until tender.
- Prepare biscuit dough.
- Combine chicken, soup, drained peas, and milk or vegetable cooking water, and heat.
- Add potatoes and onions and pour mixture into casserole.
- Roll dough 1/2-inch thick, cut into small biscuits and arrange on top of chicken.
- Sprinkle with paprika and bake in very hot oven, 425 degrees F, 15 to 20 minutes or until biscuits are cooked.
- Makes two or three servings.
