REPORT

Mrs. Paul Bartlett convened the program dealing with the motto "The young in heart however old are wise enough to play." Mrs. Harry Preston took the topic "Historical Sites in Haldimand County" mentioning in particular the birthplace of Wilson MacDonald at Cheapside, where a plaque was recently dedicated. Also the poets first school now a museum and the old Best Hotel on Highway three once a stage coach stop.

A display of antique baby clothes emphasized the change in styles of clothes even for the youngest member of the family. Mrs. Leonard Church and Mrs. Robert Smuck were in charge of entertainment which consisted of fun contests.

Bouquets of lovely garden flowers were presented to Mrs. A. Smelser, the oldest grandmother present, Mrs. P. Bartlett, Mrs. J. Heastont and Mrs. Alfred Walker.

Donations were made to a bakeless bake sale for the support of the sponsored child Ho-Po-May of Hong Kong, co-sponsored with Holmes Branch W.I.

A most interesting afternoon was closed by a social hour during which a bountiful picnic supper was enjoyed.

Haldimand County recorded the eleventh fatal traffic collision for 1970 on August 10, 1970, on Highway 3 in Walpole Township. Robert Ian Black, age 26, 17 Elgin St., Thorold, Ontario, was fatally injured. This brings a total of 11 persons being fatally injured in collisions to this date.

Officers investigated 18 other collisions during the past week with six personal injury collisions and 12 persons injured.

General occurrences investigated were: 11 thefts, two break and enters, 18 requests for assistance, five other criminal code offences, three wilful damage offences, one common assault offence, and one liquor control act investigation resulting in one charge being laid.

One driver was charged with impaired driving and one driver was charged with no insurance.

"DON'T CROSS A SOLID LINE"

The driver of a motor vehicle who crosses the solid line to pass when going uphill or on a curve is often a killer. Facts prove this to be true. The solid line, when it's on your side of the centre of the road, means you haven't sufficient view ahead to see what's coming on the other side of the road... so don't ever cross over it. Be on the safe side — stay on your side of the solid line.

FIRST WINNER HALIFAX (CP) — A
Halifax scientist is the first winner of the Gold Medal Award of the Canadian Society of Plant Physiologists. Dr. A. C. Neish, director of the National Research Council laboratory in Halifax, received the award at the society's recent annual meeting in Quebec City. His main area of study is agriculture.

The Weeklies Say

UNTIL...
The promoters of the fully-automated grocery may think they've really got something going for them... until they run into the housewife who doesn't consider her regular shopping excursions as drudgery and likes to touch what she's buying before putting it into the grocery cart. — The Sun (Swift Current) Sask.

NOT HELPING
... there are still many places in the Yukon where this golden tide of affluence is not touching, nor helping the native people. Many are still without the basic amenities. There has got to be a definite program to include these "have-not" areas in the year's development. These people can be the backbone of a stable working force, people who want to stay here and live here, not come for a reason and make a stake and get out. — Whitehorse (Y.T.) Star

HIT THE POCKET BOOK
The idiots who park on sidewalks, block lanes, hinder traffic at corners, ignore no parking signs and generally act as if the city were at their disposal, should be taught a lesson. Hitting them in the pocket book is the only way to make any impression on these lame brains. — Whitehorse (Y.T.) Star

MIRROR OF SOCIETY
A newspaper is only a mirror of society, good or bad. The editorial is the reflection — it cannot make people appear to be good when they are not; it can only campaign for improvement in society. — West Vancouver (B.C.) Lion Gate Times

THE NEW ADULTS
The recent B.C. legislation lowering the legal age limit to 19 from 21 years is to be commended... The younger generation, taken as a whole, has unquestionably demonstrated a solid sense of responsibility. It is the best educated, most informed and clearly the most concerned generation in history, and its concerted effort for greater freedoms — specifically in education and general life style — makes youth truly worthy of these new legal privileges. — Vernon (B.C.) News

TARIFF ON IDEAS
Let us all, for once, take a sophisticated look at our country and its broadcasting concepts. The right to see and hear what is being jeopardized. No country has ever matured when it placed a tariff on ideas. — Vernon (B.C.) News

WILDLIFE TRAGEDY
Man is the dominant creature on earth. Standing as tragic proof of this are species which no longer exist except, perhaps, as mounted specimens in a few museums. — Salmon Arm (B.C.) Observer

Balmoral L.A.

The Balmoral Ladies Auxiliary held their monthly meeting at the Haldimand Park. This meeting was a family gathering as the husbands and children attended.

The first part of the evening was spent in playing games, while the young folk enjoyed the wading pool.

Rev. R. Wilkins led in a lively sing song. The president, Mrs. G. Hoover opened the meeting with prayer by Mr. W. Irwin.

Rev. Wilkins had charge of the devotions Michah 6:1-9 was read. His subject was on how the Lord brought the children of Israel out of the wilderness because they walked themselves and humbled with God.

Mrs. Hoover stated that the next meeting will be held at the home of Mrs. W. Irwin on Aug. 27.

A barbecue of hot dogs and hamburgers followed by water melon, cold drinks and coffee was served by the executive and enjoyed by all.

Rev. Wilkins closed the meeting in prayer.
