

Scandinavian Cabbage Rolls

1 medium-large cabbage; ¾ cup regular raw rice; ½ cup boiling water; ½ teaspoon salt; 1 pound fresh pork sausage meat; ½ cup finely chopped onion; 1¼ cups tomato juice; salt and pepper.

Remove any wilted leaves from the cabbage and cut out the core. Place cabbage in a deep saucepan and just cover with boiling salted water. Simmer until leaves are soft and pliable (about 8 minutes). Drain and cool. Then carefully remove leaves, one by one, and cut out the hard centre ribs. Set aside four of the largest

leaves and divide any remaining large leaves in two.

While cabbage is cooking, combine rice, boiling water and the ½ teaspoon salt in a saucepan. Bring to a boil, stirring, and boil one minute, then cover and set aside until water is absorbed. Break up sausage meat in a cold greased frying pan; add onion. Cook just until sausage meat has lost all sign of pink colour (it should not brown); stir frequently. Drain off any excess fat. Add the rice.

Preheat oven to 350 degrees. Grease a large

covered casserole. Cover bottom with two of the reserved large cabbage leaves.

Now, place a spoonful of filling near end of each prepared leaf and roll up tightly. Arrange in casserole, in layers if necessary, and open sides down. Season tomato juice with salt and pepper; pour over rolls. Top with remaining large leaves then cover closely.

Bake in preheated 350 degree oven for about 1½ hours or until cabbage is tender. Serve with sour cream. Makes about 3½ dozen cabbage rolls.

Serve them with your smorgasbord meal or with baked beans for Saturday night supper.

The second presentation of Simcoe Little Theatre this season was "LUV". The setting for this production was a park bench on a bridge, where the characters compare their unhappy childhoods, each trying to out do the other as having had the most miserable upbringing.

Colin Hendry who was cast in the role of Harry was very good. His facial expressions were a portrayal of the feelings he wanted to project to the audience, which helped save some scenes. They otherwise would have been rather flat.

Tragedies were the order of the day, attempted

suicides, marriage failure, abortive love affairs and others.

Gordon McCracken who was cast in the role of Milt was the guy who seemingly had all the answers, be they love, business or how to succeed without really trying, but he was having a love affair with Lazy Linda who wanted a divorce.

However, his wife Ellen was not willing to admit defeat until she was introduced to Harry.

Verna Watkinson, who was cast in the role of Ellen, had a difficult role to play as she was a grasping, frustrated and clinging wife who was very dissatisfied

with life and marriage. She had been educated in the role she played, which was a nature had intended for their teeth to be cleaned.

I sat through the production wondering what the heck was going on and haven't been convinced it had any meaning. One question I ask, about the checkup's dental health necessary to use proper language to emphasize emotion?

It is my opinion that the three players did a better job of different type of cavities when just beginning. The months between visits are enough time to set in, by the children's

School Checkups Bridge The Gap

Johnny, and give less discomfort to the child.

The school health team can often spot if your child's teeth and jaws are not developing properly and you may want to get your dentist's views. After the examination, the dental team may clean and paint your child's teeth with fluoride to help prevent decay. The team may also give classroom talks, show films on dental health and teach the proper brushing technique. Sometimes the children are given a dental colouring book or a free toothbrush.

After the school checkup, if your child comes home shouting "Look ma, no cavities," don't be deluded, into thinking you can delay your appointment with your regular dentist. The school dental team does not use x-rays and cannot give a thorough checkup.

The school team alerts you that treatment may be needed, but it is your dentist who establishes what type and how much treatment is needed.

Garnet UCW

Twenty members of the Garnet UCW met at the home of Mrs. Earl Phillips, for the December meeting on Thursday evening.

The president opened the meeting, and we sang a Christmas Carol followed by a Christmas Prayer.

Mrs. G. Cherry read the poem "The Priceless Gift of Christmas." The roll call "A Christmas Thought" was responded to, followed by the minutes and reports.

It was decided this year to send Christmas boxes to the boys at the school as before, each member donating towards them.

The January meeting will be in the afternoon at the home of Mrs. Fred Roulston in Jarvis.

The program conveners were Mrs. Earl and Mrs. Mark Phillips. They led a very inspiring Christmas worship and candle-lighting ceremony with several of the members taking part.

The history of the hymn "O Little Town of Bethlehem" was given.

Mrs. G. Cherry gave an account of the UCW Rally at Cayuga which some of the members attended.

The courtesy was given by Mrs. W. North.

Mrs. G. Cherry closed with the prayer "Let us pray this Holy Christmas Season."

A dainty lunch was served by the hostess and committee.

Italian Dinner At HSS

A most unusual dinner occurred in the 10J Inn at HSS on Wednesday, Dec. 2. The Restaurant Services students under the leadership of Mrs. M. Vardy decided to have a memorable social evening.

The students planned the evening's program; they made the invitations, planned the menu, helped with the food preparation,

and contributed to the Italian decor. In preparation for their dinner the students gained experience in quantity wholesale purchasing, costing from invoice prices and putting their joint or group ideas into the menu and the invitations. The students then were entertained socially by their teachers who served the meal.

The Government of Ontario's Tax Assistance Plan is helping the elderly. Cheques have already been sent to more than 230,000 people: and many will soon receive additional assistance.

Paying taxes is tough for everyone. But some people have a particularly difficult time. Like the elderly. They are hard-pressed by rising property taxes. To help lighten their load, the Government has introduced a new plan. It is called 1970 Tax Assistance for the Elderly. The plan will pay out up to \$100 to help elderly people — those who receive the Federal Guaranteed Income Supplement — to help pay their property taxes, or rent. In all, more than 230,000 persons across Ontario will receive \$17 million in benefits. 1970 Tax Assistance for the elderly is an immediate step to relieve the pressure of property taxes. An important one.
