\$375 Million Industrial Growth

TORONTO-Ontario's industrial growth in 1969 represented more than \$375,000,000 investment in new and expanded manufacturing plants, and resulted in 11,753 new jobs, Trade and Development Minister Stanley J. Randall announced today.

In releasing the department's annual report he said that 414 plants expanded at a total cost of \$264,034,656, while \$iii,000,000 was spent on 159 new plants establishing in the province. More than half the new jobs were in expanded plants.

Since then he has had
