

Hamilton Presbytery Held In Jarvis

The Rev. Adam Thomson, M.B.E. of Chalmers Church Hamilton has accepted the call to be minister of St. Andrew's Church, Hagersville, sometime in August.

Presbytery appointed a special committee to be convened by Dr. Lorne McKay of Central Church, Hamilton, for the purpose of consulting with adjacent congregations as to the feasibility of temporarily linking up as two-point charges.

James W. Creem of Waterdown, 23, single, having completed an honor Economics Course from McMaster was certified by Presbytery as candidate in training for the ministry. His parents were present at the Court. A younger brother was present reporting as one of 15 young adults attending the Ninety-sixth General Assembly in Halifax.

Noteworthy was his report and that of Ed Fothergill both from Hamilton Presbytery. Their report was considered the optimistic across Canada. They brought to the group impressions of their first visit to the General Assembly. "It was like being thrown into a new environment." Their impression was a general friendship with every part of the church, no apparent generation gap.

Dilwyn T. Evans, newly elected moderator, Dr. E. Johnston retiring moderator and Dr. Louis Fowler associate clerk of General Assembly.

That it was a "Cautious Assembly" was agreed by all delegates.

The Couples Club served a smorgasbord supper to about 50 delegates.

THE WHEELS

The Happy Doubles Club

The Happy Doubles Club of Wesley United Church recently toured one of the Bell Telephone Buildings in Hamilton.

There were 25 members who went on the tour and all were most impressed, and yes bewildered by the amount of wire and electronic equipment used to provide the rapid dialing service available to day.

Even more astounding were the predictions for the future. The use of the microwave and the laser beam. And the Visual Electronic Telephone, as

explained by Mr. Nelson and the two ladies who were the guides for the tour. Who also described some of the 750 products and services presently offered by Bell, such as Data-Phone Service, Dataspeed Service, TWX Service, a dial Teletype-writer Exchange Service and Teaching by telephone service which includes a Visual Electronic Remote Blackboard.

The next meeting will be a tour which promises to be interesting. Committee being Jack and Molly Marr.

Mary and Don Duxbury and Bruce and Treva Riley. The Cayuga Assessment Office, to the Brantford Office. It is our understanding this is a promotion for Jean.

Miss Mary Folville, spent a few days with her Sister, Mrs. Arthur Betz, Tonawanda N.Y.

Rev. Victor Fiddes of Regina Sask., spent the weekend with Mr. and Mrs. O.C. Strome.

In honour of the Christening of their Son Trevor, Mr. and Mrs. Keith Metcalf entertained on Sunday. Guests were Mr.

and Mrs. Fred Snider, Mr. and Mrs. Doug McConachie, Mr. and Mrs. Lynn Snider, Mr. and Mrs. Ron Snider, all of Fisherville. Mrs. W. A. Metcalf, Jane and John of Cayuga.

Guests of Mr. and Mrs. Garth Walker on Sunday in honour of the Christening of their Twins, Brent and Brenda, at Cayuga United Church, in the morning were: Mr. and Mrs. Paul Lindsay, Mrs. Don Lindsay and Mrs. Archie Lindsay all of Selkirk, Mr. and Mrs. Glen Johnson and Family of Empire, Mrs. Eric Johnson and Daughter Marie of

Canfield, Mr. and Mrs. Murel Walker, Mr. Barinec, Mr. and Mrs. Wm. Bessey and Mr. and Mrs. Rev. and McSpadden. Miss Dianne Arthur of Blackheath were visitors with Mr. and Mrs. Geo. Tweedle and Family of Cayuga. Mr. and Mrs. John and Family of Brantford and Mrs. Elmer Lindsay of Islington, the weekend with Mrs. L. S. Link, Kilmory and Family gathering on Saturday evening.

Federation News

by Roy Hagan
I am sure we have all heard complaints about high food prices. A reason for this may be illustrated in an article which recently appeared in the Toronto Telegram which stated things are seldom what they seem. It also says that in 1959 approximately 20 percent of every consumer dollar was spent on food. By 1967 this had fallen to 17 percent.

G.G.E. Steele, president of Grocery Products

Manufacturers of Canada, predicts that within five years, only 15 percent of every dollar spent by the consumer will be on food.

The article says food prices are moving ahead but in no way as fast as personal disposable income. This rush from 1961 to 1969 on a per capital basis from \$1,437 to \$2,400 or more than 60 percent.

In the same period states a Dominion Bureau of Statistics survey on food prices in April of this year stood at 130.5 (1960=100) or an increase of slightly less than one third.

A recent study by home economists at the University of Guelph shows the average housewife spends as much as 20 percent of her shopping money on non-foods. Such as houseware, hardware and personal care products.

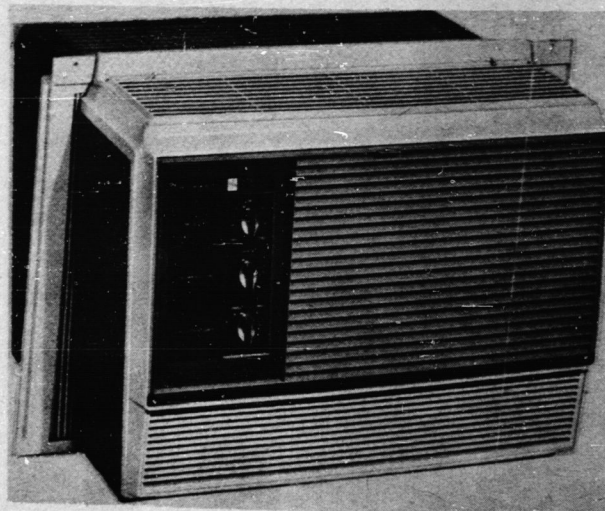

The article mentions that convenience foods increase the cost by the processor pre-preparing the food. It concludes that food remains one of the biggest and best bargains in Canada today.

As you will note, however, there is no mention of what I consider to be one of the main reasons for food being such a good bargain. And is not increasing in price nearly as rapidly as most other things. This of course is the fact the farmer, the producer of the food is not receiving his fair share of income.

Schools Exchange Visits

Mr. F. G. Disher, Principal of Walpole South Elementary School and G. Downward, Vice Principal of Brock School, Toronto, met last summer and began discussing exchange trips for grade six pupils of their respective schools.

On October 6, 1969 the arrival of 34 pupils from Brock School for a three day visit with pupils of Walpole South, grade six got the project underway. They were billeted in the homes of the local grade six pupils.

After several months of anticipation for June first to arrive the grade six pupils of Walpole South made their return visit to Brock School, Toronto, accompanied by their Principal, Mr. F. G. Disher, and teachers, Mrs. Eleanor Smith and Mrs. Luella Hedges. As the Brock School Children were eagerly waiting to welcome their new-found friends into their respective homes, billeting was no problem.

Under the direction and planning of grade six Toronto teacher, Mrs. Sheila Smith and Resource Teacher, Miss Ruth McLeod, a full program of interesting tours and places were arranged for the next three days. This included a visit to the Royal Ontario Museum, the new City Hall, the destroyer "Haida", a ferry ride to Centre Island for a picnic lunch, a conducted tour of the city as well as many places of interest such as Science Centre, Planetarium, rides on the subway etc., which many of the individual children visited as guests of their friends during the evening.

At one o'clock on Wednesday, the Walpole South School bus, driven by Mr. Ernest Welt of Nanticoke was waiting to take the pupils and their chaperones back to their home school after a most enjoyable and rewarding three day visit.

Mr. N. Heard, Principal of Brock School in his farewell remarks to the Walpole South teachers expressed his desire that another exchange visit be arranged in the coming year.

Bible Society

All local churches received notices of the Bible Society open meeting held in Wesley United E.B. on Sunday evening.

REPORT

Three fatal motor vehicle collisions and one drowning occurred in Haldimand County during the past weekend.
