All A bout Sports

By SCOTT BUTTON
Canadian Press Staff Writer

The period between the finish of the 1969 season and the opening of the 1970 campaign probably will be recorded as one of the most disastrous in baseball's history.

The sport has been hit by three major headaches in recent months each seemingly a little more serious than the previous.

The trouble began with the unstable situation surrounding the Seattle Pilots' franchise in the American League. The AL awarded the franchise not much more than a year ago, but the team has been hit with financial difficulties.

The decision had to be made whether to leave the troubled franchise in Seattle or risk the humiliation of moving it to Milwaukee or Dallas-Fort Worth.

The league finally decided to leave it in

Hydro Show Coming

The very popular Hydro show "THE MAGIC OF ELECTRICAL APPLIANCES" will be presented on stage at the Jarvis Community Centre on March 19 at 8 p.m.

The presentation is sponsored by Ontario Hydro under the auspices of the Jarvis Unit of the West Haldimand Hospital Auxiliary.

The entertaining and informative program features Margery Edwards, Ontario Hydro's popular home economist who will demonstrate and explain the many advantages of total electrical living.

In addition to the latest in food preparation, the program will include such items as — lighting ideas for modern living — facts about food freezing — and valuable information on water heating and home heating.

Skits and other fragments of humour provide a touch of comedy in the program which is planned to interest and amuse a mixed audience in every age group.

Attractive prizes will be awarded and the members of the audience have the opportunity at the conclusion of the presentation to talk with the home economist and other members of the Hydro staff and ask questions.

Plan to attend "THE MAGIC OF ELECTRICAL APPLIANCES" — it is an enjoyable program and an excellent opportunity to see and learn more about cooking and homemaking with the latest in electrical appliances and equipment.
