EXPENSIVE BEER
EDMONTON (CP) - In Alberta you can purchase beer from hotels to take out. If you're caught short at a party or at home all you have to do is nip down to the local hotel and pick up a case. There's one catch though: The price is the same as the hotel charges in its beverage room or lounge. That means a case of 12 may cost as much as \$7.80 compared with \$2.75 in the government outlets.

In this, the twenty-fifth year of the Red Cross Water Safety Service, we thank you for your support in the past and hope we can count on your continued interest.

Yours sincerely,

\$\$\$ And Good Sense

By William J. Martin

Dear Mr. Martin: Thanks very much for your recent help. Your suggestions and direction for living within a budget for living within a budget is just what we needed to do for a number of years. I can tell you that it really hurt at first to keep from buying the things we wanted, rather than really needed.

But we got into the budget habit and it really pulled us out of our financial dilemma. Now that we are out of the woods and things are going pretty well, my husband is beginning to disregard our budget and spend more on things that we shouldn't. I tell him that if we don't stick to our budget, we'll be right back where we were. Can you help us again? Mrs. N. H.

I'm glad that I was able to help you, Mrs. H. Let's hope that I can help you again. Incidentally, your problem is not uncommon to a lot of families who have lived within a budget for a year or two and who start to feel sorry for themselves and how much they have deprived themselves of. They start to slide away from their budget and find themselves right back in trouble again.

Trickett, Dawson and Kafan of Simcoe spent the weekend with Mr. and Mrs. Ken Dawson and family.
