

## Niagara Area Holds Training Day

Some 400 leaders of the Niagara Area, Girl Guides of Canada, attended the training day held Nov. 7 at the Pauline Johnson Collegiate in Brantford.

With trainers present from Hamilton and Toronto, as well as from the Niagara Area, the leaders spent the morning learning new things to take back to their Brownie Pack, Girl Guide or Ranger Companies. A special training was held for commissioners, led by Mrs. D. J. Adkinson of Cayuga, commissioner for the area, Miss Pat Petracca, commissioner for Haldimand, and Mrs. J. Mosher, division commissioner for Norfolk.

After lunch, the leaders were welcomed by Mrs. R. F. Hemming, Brantford division commissioner, who then introduced the head table guests as well as Mr. Steve King, district

commissioner for Scouting in Haldimand.

Mrs. Adkinson made several presentations including camper's license to Mrs. Roland Horn of Caledonia, lieutenant of the Cayuga Girl Guide Company for two and one half years, and Mrs. Ken Hoto of Dunnville. To be eligible for this license, a leader must know all aspects of camping—tent and food care, sanitation, first aid—and be able to successfully conduct a camp.

Mrs. Pauline Tuggey of Dunnville received her pack holiday license, which qualifies her to take Brownies to camp.

In the afternoon, the leaders were able to watch films about Guiding and adolescents problems. Displays were set up in the gymnasium to show the leaders what is available through outside people.

Displays included judo, nature art, quilting, embroidery, Indian beadwork, Eskimo soapstone carving, pet care, an Orienteering group, the St. John's Ambulance Association.

"Operation Outlook 1971" was announced by Mrs. R. J. Crocker of Brantford, as being a unique opportunity for Rangers, Cadets and Young leaders to learn about many of society's problems, and to practise the fourth Guide Law—"A Guide is a friend to all." The operation consists of two phases.

Phase A of the operation will take place in Northwestern Ontario, on Indian reservations north of Sioux Lookout which are accessible only by aircraft. Six girls will live in pairs on three reserves, meeting and working with local teenagers. It is hoped the girls will be able to use their

skills along with those of their Indian friends in providing recreation programmes for younger children. This phase will last four weeks.

Phase B of operation outlook will be an immersion into urban problems and solutions, using the city of Hamilton. This will be in two sections, each lasting two weeks, with six girls and two adults participating in each section. They will go out to social agencies to learn and offer service and will be exposed to the practical situations in terms of child day-care, senior citizens' needs, mental health and urban loneliness. By discussion with experts, they will learn about theories in coping with these and other environmental problems like pollution and urban renewal.

Your freezer can help cut down the work you have to do over the holiday season, if you cook ahead for parties and dinners.

Three appetizers made with pork, a change from customary holiday fare, are suggested by the home economists of the Canada department of agriculture.

You can make about 30 miniature pork pies that will keep in the freezer up to six weeks. You need: 1 pound lean minced pork, ¼ cup chopped onion, ½ teaspoon salt, ¼ teaspoon savory, dash pepper, dash cloves, 1 small bay leaf, ¼ cup boiling water, 2 tablespoons bread crumbs, pastry for two-crust 9-inch pie.

Mix pork, onion and seasonings. Add bay leaf

and water. Simmer uncovered about 15 minutes, stirring occasionally. Remove leaf drain and cool. Bread crumbs. Line 9x5 inch tart tins with pastry. Cover with pork mixture. Bake 15 to 20 minutes at 425 degrees.

Cool and freeze up to 6 weeks. Bake frozen 25 minutes at 425 degrees. Spicy pork balls call for 1½ pounds lean minced pork, 1 cup finely chopped onion, 1 teaspoon salt, ½ teaspoon pepper, 2 teaspoons fat.

Mix pork, onion, seasonings and egg. Form 1-inch balls. Brown balls in fat until sealed (about 8 minutes). Remove from fat and drain.

To make the sauce: need: 1 cup chopped onion, 2 cloves crushed garlic, 28-ounce can tomatoes, 5½ ounce can tomato paste, 1½ teaspoons salt, ½ teaspoon sugar, ¼ teaspoon oregano, 1/8 teaspoon pepper, ¼ teaspoon crushed chili peppers, 1 bay leaf, drops tabasco sauce.

Drain all but 2 tablespoons of fat from pan. Sauté onion in fat until transparent. Add remaining ingredients, cover and simmer until thick (about 1 hour), stirring occasionally. Pour sauce over meat balls. Makes 30.

Cool and freeze up to 6 weeks. Thaw for 30 minutes. Heat covered 15 minutes at 425 degrees.

To make spareribs appetizers, cut three pounds of side spareribs in one-inch lengths and into individual ribs. Bake covered for one hour at 325. Drain off fat.

The sauce calls for: 1 tablespoon lemon juice, 1 cup orange juice, 2 cups grated orange rind, 6 tablespoons honey, 2 tablespoons cornstarch. Combine ingredients. To serve, add cornstarch and cook until clear and thick. Pour over ribs. Makes about 60. To freeze, do not thicken sauce. Freeze the ribs covered 20 minutes at 325.

COLLECTS MATERIAL SASKATOON (CPI) Prof. Walter Mills of the drama department, University of Saskatchewan, is collecting dramatic writing by present and former residents of the province. The materials will be placed in the university library for use by students doing research.

## HSS Sports Report

sports news of the week is both good and on the Hagersville scene. The football team won the Hillside championship over the volleyball team and placed fifth in the Zone II tournament.

Thursday of last week 5) the Hagersville football team travelled to Smithville and the volleyball team placed fifth in the Zone II tournament.

Friday of last week 6) the Hagersville football team travelled to Smithville for the second game of the two game total series. Hagersville won the first game, the previous by a 6 to 0 score.

The field in Dunnville again in poor condition muddy patches present many places. The game really an exciting struggle highlighted by many tries, two interceptions (by each team) and a errant snap from down punt formation both teams.

Hagersville had the game pinned back their own end for most of the first half, then a long by Dunnville's Bruce Slater set up a 25 yard goal by Herman Quiter. Even though Hagersville had three good opportunities to score from close, they couldn't convert any of them into points and the game ended in a 10-10 tie.

The Hagersville's next game is Tuesday (Nov. 10) against Saltfleet in Saltfleet. On Saturday, the midweek junior cross country team travelled to Toronto for the OFSAA cross country meet. The boys

didn't place in the top ten but considering that there were about 450 runners in each race, they did quite well. The midweek team placed 21st overall while the junior team failed to place due to physiological problems.

The midweek runners and their placings were Daryl Martin 91, Paul Towson 109, Don Hewitt 170, Kevin General 187, Doug Nelson 213. The midweek race was 2.14 miles.

The junior runners were Frank Davis 145, John Bowen 204, Sandy Gibbons 232. Both Ed Gowan and Don VanLoon were unable to finish the race. The junior race was 3.6 miles.

Many thanks go to the coach, Mr. McMillan who did a great job with the boys again this year by getting to the Ontario finals. Most of the boys now will be turning their attention to basketball.

## Nanticoke News

by William J. Martin

Mrs. Amy Roe of Georgetown and Mrs. Ila Switzer of Mount Forest spent last weekend at the home of Mr. and Mrs. Lionel Tomkins.

Mr. and Mrs. Cecil Hedges visited the weekend at Mr. and Mrs. Arthur Voke, Port Rowan.

Mr. and Mrs. William Snowden spent a week with their son and daughter-in-law and grandson, Tommy at Newfoundland.

Several men of Nanticoke attended the fall banquet at All Saints Hall, Hagersville, Thursday evening.

Mrs. Ernest Porritt, Mr. Ted Porritt and Mrs. Clair Baker of Toronto were in the village Friday visiting friends and relatives.

Mr. and Mrs. Charles Meade of Waterford visited on Wednesday with Mr. and Mrs. Harry Evans.

Quite a number in the village have been ill with the flu the past week.

## \$ \$ And Good Sense

by William J. Martin

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 2820, London, Ontario. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:

Someone told me the other day that there is a service somewhere that pays all your bills for you. Is this true? Where is it and how does it work?

A.V.

Yes, it's true. A recent ruling by the U.S. Federal Home Loan Bank Board now permits customers of savings and loan associations to pay their bills from utilities, department stores and so on.

This arrangement can't be made by any savings depositor, however. It is up to the savings and loan association to institute such a plan. The first association to offer a bill-paying service is located in California. Here's how it works:

Customers simply open a special bill-paying account with a minimum \$500 balance and receive a supply of postage-paid envelopes. As their normal bills accumulate, they just put them into the envelopes and

mail them to the savings and loan association, keeping their portion of the bill for their own records. At the end of each month they receive a statement from the savings and loan association itemizing the bills that have been paid plus any interest or service charges.

The association even pays the postage when paying the bills.

The charges for this service depend on the average monthly balance maintained in the account. For a balance of approximately \$1,000 and about 15 bills a month, it costs around \$4.00 to \$5.00 per month. But remember, the money in the account is earning interest up to the day when it is removed to pay the bills.

Any bills or other financial obligations can be paid through this system as long as a minimum \$10.00 balance is maintained.

This first bill-paying plan is sure to be repeated by other savings and loan associations throughout the U.S., so watch for it in your area.

It's an important new step to help you pay your bills, keep an accurate record of your payments, and earn interest on the money you set aside for your bills.

**The fast, light Snow Cruiser 200 series.**  
You won't find more for the money!

Some snowmobiles cost a little less than our 200's, but they usually end up being a whole lot less. Compare feature for feature, dollar for dollar, and you'll find that Snow Cruiser is the best snowmobile value for your money. On the 200's you get features like an endless extra tough track, powerful, vibration-free engines, tuned exhaust, caliper type brakes, twin sealed-beam headlights, and much more. Compare these features to the price, and see for yourself.

There are 7 models for '71, including the fast, light 200's, the stable Wide-Track 2000's and the high performance RK Twins.

## Ontario. Is there any place you'd rather be?

Ontarians are the kind of people who wouldn't be here if there was any place better. We are people who came from a hundred lands and stayed to build. People with backbone and brawn and a hunger to succeed. Men and women who've created a standard of living in decades that other lands worked centuries to build. If we have a flaw it's our chronic modesty. Ontarians may be proud to be Ontarians and Canadians... they just seldom tell anyone. From an economic point of view that's wrong. The more people we have boosting Ontario and Canada the better it is. And we've got a lot to boost with. Our education system is a good example. In the 60's we saw a need for higher learning; by 1970 we'd built five more universities and

doubled student enrolment. The Community College was born in the same period and twenty colleges of applied arts and technology offer diploma courses in everything from biochemistry to air traffic control. We need a vigorous economy of course, to support these important programs. And, that's where you come in. Though our productivity has doubled in ten years and our incomes in twelve, Ontarians don't sit on their successes. There's a demanding decade ahead full of challenges and better yet. To meet these challenges we've got to believe in ourselves. Which, when you think about it, isn't such a bad idea.

Everytime you boost Ontario... Ontario and Canada get a little stronger.  
Government of Ontario John Robarts, Prime Minister.
