

On The Farm Front

Top awards at the 4-H Show at Caledonia Fair were won by Bonnie Jude and Jim Hussack, Champion and Reserve Champion in Showmanship. Also in the Showmanship finals were David Gingrich who was Mixed Dairy Champion and Nancy Farrell, the Beef Champion Showman.

In the Holstein Section of the show, Lynn Bilton and Wayne Burgess showed the Junior and Senior Champion calves respectively. Champion Jersey was shown by Bonnie Jude, Guernsey Section was won by Bill Mulkins, the Dual Purpose Shorthorn by Ron Atkinson, Ayrshire Champion was shown by Brian Martindale. In the beef division Susan Berry had the champion steer and Cecil Crumb the top beef heifer.

Top three placings in the Sheep Club were won by the Jude family. All 4-11

Golden Wedding Anniversary

Mr. and Mrs. Wm. Lint, R.R. 1, Jarvis celebrated their fiftieth wedding anniversary on September 29 with a family dinner party at the Royal Simcoe Lodge, Simcoe.

Their attendants of fifty years ago were among the guests. They were Mrs. Sadie Aude and Mrs. Stanley Lint of Hagersville, Rev. Granville Taylor Munro of Jarvis was among the guests and acted as master of ceremonies.

Mrs. Lint the former Hazel McBurney, daughter of the late Mr. and Mrs. David McBurney married Mr. Lint son of the late Mr. and Mrs. Louis Lint of Rainham in the Presbyterian Manse, Jarvis with Rev. A. W. Hare officiating on September 29, 1920.

They lived in Rainham Township the first few years of their marriage and then moved to Walpole Township.

Mr. and Mrs. Lint have two sons Hubert and David Lint of Walpole and one daughter Mrs. Reginald House (Maxine) of Hagersville. There are twelve grandchildren.

Mr. and Mrs. Lint are members of the Presbyterian Church, Erie. Mrs. Lint is a life member of the W.M.S. of the church. Mr. Lint is a member of the Loyal Orange Lodge and Mrs. Lint is a member of the Ladies Orange Benevolent Association of Erie.

members are to be congratulated on the excellent showing at the Fair on Thursday, October 1.

Haldimand Hog Producers are invited to the farm of Charles Stadler on Wednesday afternoon, October 14. On the program will be demonstrations of backfat probing and freeze branding.

Garnet Norrish, Specialist with the Live Stock Branch, will be on hand for discussion of these and other subjects. A veterinarian from the Fisherville Animal Clinic will assist with a discussion of ridgings, ruptures, deformities, etc. It is suggested that hog producers mark this as a must on their calendar.

The Haldimand Holstein Club Sale will be held on October 15 at Kohler. Prospects are for an excellent sale again this year. Once again, sale prospects will be good but in all probability animals with R.O.P. records will bring a higher average price than others in the sale.

Another thought that comes to mind is that with so many good holsteins going out of the county for export, it becomes important that some good breeding stock be kept in the county herd. R.O.P. and D.H.I.A. records provide an opportunity for breeders to assess the value of animals that they have or are buying.

There is little doubt that some Southern Leaf Blight has reached our area. It is hoped that the loss in the corn crop will be fairly light, if any. Where blight occurs, early harvesting and drying or ensiling has been suggested.

Another suggestion for possible prevention of this and other diseases and insects for next year is that the corn stubble and stover be carefully plowed under this fall. Little is known about the possible survival of Southern Leaf Blight in our climate.

Six Haldimand producers recently nominated to the election committee that will select a director of the Ontario Milk Marketing Board are: Gordon Miller, R.R. 1, Jarvis; Ross Gee, R.R. 1, Fisherville; Melvin Elgersma, R.R. 1, Cayuga; Peter Oosterhoff, R.R. 9, Dunnville; Harold Bradford, R.R. 1, Dunnville; and Stan Sheppard, R.R. 1, Selkirk.

Two new organic acid products, Propcorn and Chemstor, for preservation

of high moisture corn have been registered by the Canada Food and Drug Directorate and now can be sold in Canada.

The two products have been treated at the Crop Science Department, University of Guelph. In all tests these chemicals have completely eliminated heating and spoilage in high moisture grain corn.

Both Chemstor and Propcorn will be available in limited quantities this fall.

Guelph research show that yearling steers overwintered outside did equally well as those with shelter.

Heat units accumulated this crop year have been above normal and well above last year. By Sept. 10, the heat unit rating for western Ontario was the equivalent to 10-15 days ahead of 1969. Compared to a "normal" year the rating would be up to one week above average. Those who have observed the maturity of the corn crop this year didn't need to be told that this was the situation.

Fertilizer use in Haldimand County reached a peak in 1967 of 7,947 tons and has declined somewhat since then.

Elementary Schools Exhibit At Fair

Art in all its beauty, its variety, its excitement, its colour, will be the theme of the Elementary Schools Display at Norfolk County Fair in Simcoe.

This display is always one of the spectator highlights of the Fair and the committee, under the chairmanship of Will Pond of Elgin Avenue School in Simcoe, has been busy painting the backdrops in readiness for the hundreds of individual pieces of art and related material that will make up the display.

Be sure to see the wonderful things our children are learning and doing with color and imagination. Every day a group of students will be demonstrating the broad scope of their theme, and audio visuals under the direction of Mr. Ian MacPhail of Victoria School will also be featured.

"Where your enjoyment is our pleasure"

1971 Cadillac Sedan De Ville: The Cadillac for 1971 has Aerodynamic styling featuring its traditional elegance, a new Fleetwood Eldorado convertible plus the accent on riding comfort and added emphasis to safety. Cadillac's new front end look replaces the vertical fender ends with a horizontal wing to emphasize a wider, massive front appearance. The side view of the car highlights the new long look created for 1971 by the flowing tubular shape of the body design, culminating in the foil shape at the rear. Rear styling features a deep draw rear deck that seems almost suspended between rear fenders and a massive deep section rear bumper. A 472-cubic inch engine powers all standard Cadillac models. Shown above is the Cadillac Sedan De Ville for 1971.

Jubilee Celebration

Within the Hagersville District which includes Hagersville, Jarvis and Selkirk, Brownies, Guides and Rangers, are very busy planning activities to show the general public what Guiding is all about. Since this is the Diamond Jubilee year of Guiding in Canada, the Hagersville District chose to make an opportunity available to everyone to see what Brownies, Guides and Rangers do.

Plans were originally begun in the early summer by a Jubilee Committee with Mrs. Lois Gordon of Hagersville, chairman. Now the planning is at the unit level, with each Brownie Pack and Guide and Ranger Company eager to show the skills learned and the fun part of Guiding, to an interested public.

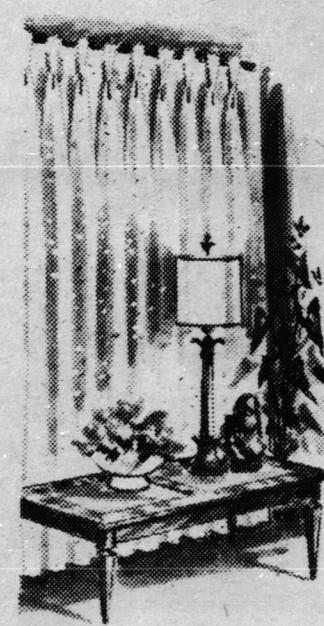

Guiding began in Canada with the formation of the First Girl Guide Company. Since then, it has spread and flourished throughout Canada. Although changes are made in the program, the basis of Guiding is still the same as when Lord Baden Powell first began his Scouting and Guiding programs, that is, the development of character.

The public will be able to see what attracts girls to Guiding at the Hagersville Arena, October 17. The

Jubilee Celebration will be held from 1-4 p.m. and is free to the public.

Community Hall Board

The following members of the Jarvis Community Hall Board met in the board room. Chairman, James Davidson; Secretary-treasurer, Elmo Field; Board members, Bruce H. Miller, Klass Dryuff, Ted Oldham, Mrs. R. A. Miller; Robert Nixon, Contractor who is in charge of enlarging the building was also present.

Cash on hand \$1216 as of September 30. A letter was read from Haldimand Board of Education asking permission for the Jarvis Public School to use the hall for Physical Education starting November 15 and continuing until March 15 from 2:30 to 3:30. Boys once a week under the supervision of Principal Mr. Francis and the girls once weekly under the supervision of Miss Donaldson. This petition was granted at the rate of \$15.00 per session providing the date did not interfere with other listings.

The Custodian's Salary was discussed and an offer agreed upon, Mr. Keen not being present.

Ventilation and heating were discussed, a "heat bar" being approved for the front of the building, air conditioning and other utilities were planned. It was noted that the front roof was leaking. Contractor Nixon noted that the back portion of the roof had also leaked.

Chairman Davidson agreed to contact the Lion's Club regarding the outside booth and it's use.

Ms. Mabel Bagley wishes to announce that her son, Ed E. Bagley received his Bachelor of Science degree at the War Memorial University Of Guelph Friday October the second. He is now employed in the Traffic Engineering department of Bell Canada Toronto.

Miss Jane Linklater who received her Honor B.A. in French and Spanish at the University of Guelph during the ceremony presented Mr. and Mrs. J. B. Linklater entertained at a family dinner for 25 at the Lainsman.

Federation News

by Roy Hagan

A recent news release from Ontario Federation of Agriculture reminded Ontario farmers Sept. 28 was withholding day, or W-Day. It said: "This is the day when property owners across Ontario are asked to start to withhold the education portion of their municipal taxes."

Ontario Federation of Agriculture has repeatedly urged provincial government to lift the burden of education taxes off property and apply them more fairly through taxes related to ability to pay. So far Ontario hasn't met any of these requests.

"Now it's time to show this government that we mean business," said Gordon Hill, president O.F.A. I am asking all property owners in this province to withhold the education portion of their municipal taxes. Some farmers have jumped the gun, and have already withheld taxes.

"This only shows how much support we have for our position. He said: "This is an and other property owners, to stand together and face the government, and say, "we have had enough."

Rockford

Mr. and Mrs. Bert Findlay of Goderich spent several days with Mr. and Mrs. Gordon Howard.

Mrs. Wm. Brown of Tyrrell, Mr. and Mrs. Roy Harper of Cookville and Mr. and Mrs. Peter Cosley of Port Dover visited on Saturday evening with Mr. and Mrs. Roy Kenny.

Mr. and Mrs. Bud Priest attended Convocation at the University of Guelph on Friday afternoon. Their son, Keith Priest of Woodstock received his Masters' degree in Science.

Mr. and Mrs. Wm. Johnson had Sunday supper with Mr. and Mrs. Ernest Lewis of Brantford.

Mr. and Mrs. Bud Priest, Mr. and Mrs. Stan Dawson of Simcoe and Ray Lundy of Jarvis visited on Sunday afternoon with Mr. and Mrs. Keith Priest and family of Woodstock and were supper guests.

Presentation At St. John's Church

Members of the Church of St. John the Divine held a farewell gathering for the Rev. and Mrs. Lawrence Pocock who are leaving for their new home in Georgetown.

Rev. Pocock had come to Cayuga from St. Aidan's in Windsor two years ago as a semi-retired priest and now feels it necessary to be fully retired to enjoy his many hobbies as well as assist as the need arises in the diocese.

The presentation of a purse from the congregation was made by Dr. David Marshall and Howard Mehlenbacher, the Rector's Warden. The A.C.W. and the

Evening Guild served a noon lunch in the parish hall after the Sunday service. Their many friends in the congregation are sorry to see Rev. and Mrs. Pocock leave their midst. Mr. Pocock made regular visits to the sick and shut-ins and was a weekly visitor to the hospitals and Grandview Lodge and will continue this work as his health permits. Both Mr. and Mrs. Pocock are craftsmen and follow many hobbies with the loom, kiln and woodwork craft tools. We wish them many years of health and spiritual happiness to follow their many and varied interests.

Walkathon Great Success

At 6:30 a.m. on Saturday September 26 some 135 walkers started out on the 21 mile walk for the Canadian Christian School Walkathon. Walkers from 3 to 60 years of age enjoyed the "just right for walking" weather which stayed with us until late afternoon.

Thanks to all the people of Jarvis and surrounding area who sponsored the individual walkers and made

it possible to raise an estimated \$5500.00. The money will be used for this year's school budget of approximately \$80,000.00. The committee expresses its appreciation to the St. John's Ambulance for their help and also the radio club from Simcoe who helped us to get around without any problems at all.

Thanks to all who helped to make it such a wonderful day.
