

Association For The Mentally Retarded

The annual meeting of the HAMR was held in the Parish Hall of St. Paul's Anglican Church, Caledonia, hosted by the Rev. L. F. Kersey and Mr. and Mrs. Ross Deagle. This meeting took the form of a pot luck supper served at 7 p.m. The tables were decorated with the March theme of St. Patrick's.

Prior to the annual business meeting, the two films of the Regional Games held last June in Welland, were shown to the group with Mr. David Langley as projectionist. The films had been procured by the teachers of the day school and were much enjoyed by everyone, since a number of the workshop trainees, the day school pupils, as well as President "Bill" and Dr. Pryse, both of whom had presented the winners with athletic badges that day were to be seen in action.

This was followed by the general business, conducted by the President, Mr. Bill Hoskin, and his executive. The reports covering the year's activities were given by the various conveners. The highlight was the outstanding report of the Ways and Means Committee given by Mrs. John VanLoon of Hagersville,

which included the donation by the Hagersville Secondary School students from their Dance-o-rama held during the winter. These funds have been used to provide much needed equipment at the Adult Training Centre.

The nominating committee, under the chairmanship of Mr. Ed Langley, then presented the slate of officers for the new year. President, Mernie Sweet of Dunnville, is the first parent president since the association was formed

in 1959. Another parent, Mr. Vince Doyle holds the office of 1st. Vice-President. Mrs. John VanLoon, guardian of the trainee accepted the office of 2nd. Vice-President. Mrs. Leslie Hoskin, teacher in the day-school will be the Secretary, and another parent, Mrs. Raymond Arnold of Featherstone's Point, holds the position of Treasurer. This is most gratifying in that the greater number of the new executive are parents in the Association.

Youth Sunday At St. John's Cayuga

by Helen Hobbs
This being Palm Sunday with the distribution of Palms being in order. Things were done a little differently this year. The Palms were blessed by the rector at the altar steps, and carried to the back of the church by two members of the junior choir, then placed

in the hands of the wardens. The whole congregation then proceeded to make a half turn of the church, pick up their Palms at the back and come up the centre aisle to their original pews. This service was conducted wholly by young people. Kathi Turner read the order of service, Lynn Jones read the Psalm (responsively). The lesson: "Passion of our Lord" was read by young people taking alternating paragraphs.

On The Farm Front

old Hedley, Canfield, then selected as one of Ontario Junior Farmers part in an exchange of the State of Pennsylvania later this year. representatives are Simcoe, Renfrew and In Counties.

announcement was made by the Provincial Department of Agriculture and Food Grant program. With a section on payment removal of dead elm,

prospective applicants are asked to check with the county agricultural office before proceeding. Preliminary information indicates that for grant purposes the trees are to be marked before cutting.

Bruce Thompson, who has served as assistant agricultural representative for Haldimand County since last June leaves shortly after Easter to take charge of the

2000 acre home farm at Naicam, Saskatchewan. Tow Weber, a native of Grey County near Hanover, takes over this Extension position early in May.

The Haldimand Committee for the 1971 International Plowing Match at Harewood Acres, Oct. 12-16, recently hosted a meeting of their counterparts for the 1970 and 1972 Matches from Victoria and Perth Counties. Directors of the Ontario Plowmen's Association were on hand to hear of the planning to date.

All committees have been quite active. They propose that the 1971 event will be the best yet. Paved areas on the former airport site will assure that for the huge tented city "there'll be No Mud in 71."

Eighty-eight Holstein breeders from the county recently visited several outstanding herds in Simcoe County. Many were impressed with what can be done even with fairly modest facilities as observed at a couple of farms visited. Use of production records and type classification information appeared to be one of the keys to success.

NIGHT DRIVING TIP
It can be a risky business to emerge from a lighted building and drive off into the dark, says the Hamilton Automobile Club.
Citing a recent report by the British Association of Optical Practitioners, the H.A.C. says that it takes about 15 minutes for a driver's eyes to become completely accustomed to darkness.
For minimum precaution, a teen-age driver should wait at least three minutes before starting out, and a person in his 50s should wait at least five minutes.
