Fire Destroys Barns, Livestock

A raging fire Tuesday destroyed three barns that contained livestock. The fire on the property of Andy VanNetten, two miles east of Jarvis on Highway 3, did an estimated damage of \$17,500. The barns contained 6,000 four-week old chickens, some 30 pigs, two calves, 2,000 bales of hay and 2,000 bales of straw.

Man Burned Trying To Put Out Car Blaze

A Hagersville area man tried his hands trying to use a fire in his car two miles south of Jarvis on Highway 6 Tuesday night. Ted Henry, of RR 6, Hagersville, tried to put out fire in the wiring of his car throwing gravel and sand at it. Jarvis Volunteer Fire Department, called at 9:30 p.m., doused the blaze. Mr. Henry was taken to the St. Haldimand General Hospital by fireman Leonard Reu, where Mr. Henry was treated for burns released. Damage to the car was minor, Chief George Walker said.

This was the scene as three large barns were destroyed in a raging fire Tuesday. (Staff Photo)

Highway 3, did an estimated damage of \$17,500.

The barns contained 6,000 four-week old chickens, some 30 pigs, two calves, 2,000 bales of hay and 2,000 bales of straw.

Chief George Walker told The Record 12 members of the Jarvis Volunteer Fire Department fought the fire for over five hours.

Mr. VanNetten said that he was in the barns about 10 a.m. and saw nothing amiss. He had gone into the house to have his morning coffee shortly after.

"A motorist came into the laneway after I had been there for a while and said my barn was on fire," he said.

Chief Walker said the fire seemed to have started in the barn on the northwest corner. The barns were located in a U shape. The cause has been undetermined, he said.

Firemen were hampered by a northwest wind blowing at 15 mph.

Shingles on the house caught on fire three different times but firemen kept this under control.

A dead elm tree located between the house and barns also gave firemen trouble as it kept breaking into flame threatening the house.

Finally firemen found a chain saw and cut the tree and then doused the flame.

Firemen kept vigil for several hours in relays to ensure that there was no new outbreak of flames that could threaten the house.

Chief Walker said the fire was reported at 10:45 a.m. A fire Thursday gave firemen a confusing time.

Bob Hazlett, who lives near the Jarvis dump reported a fire in the dump.

He said that it had emphasized that it was at the Walpole dump but firemen racing to the scene

See Page 5, Col. 5

Youth Centre Brings Ire Of Neighbours

Hagersville - A youth centre here has come under fire from its neighbours because of noise and traffic congestion. A delegation attending council Monday told the council the music from the centre (The Purple Chicken) was too loud and the street too narrow to accommodate the traffic.

He said this has been brought to the attention of the people in charge of the centre but nothing has been done about it.

The delegates refused to give The Record their names because one said "we fear that someone may put sugar in the gas tanks of our cars in retaliation." They live on John St.

Chief Warren Burger, who attended the council meeting said he had issued warnings about the noise. He agreed with the delegates that the street

wasn't the type that should be widened. See Page 5, Col. 2

Warning Signals CNR - Nanticoke Crossing

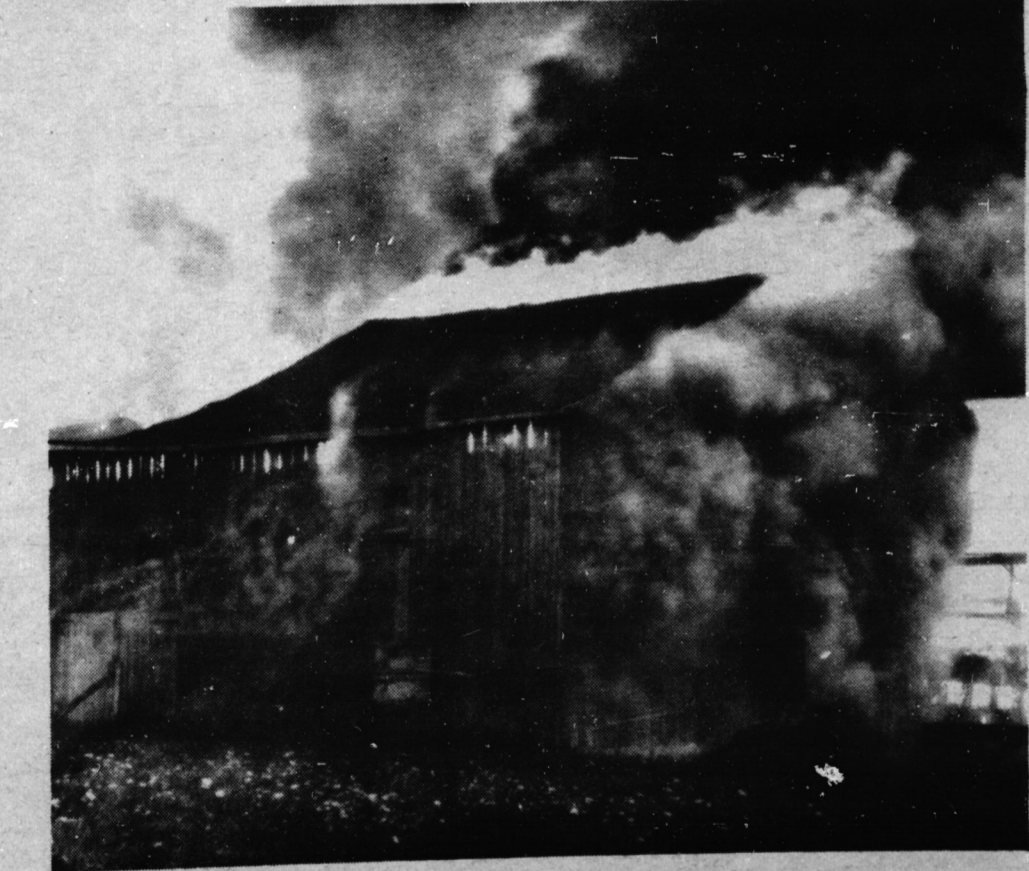

Cayuga: The CNR will place signals on the Nanticoke sideroad to protect its main line. The intersection has been the site of three fatalities since the first of the year. The Record last year, after a fatality at the crossing, called for protection signals at the intersection. Earlier this year Walpole Township and Haldimand County agreed there should be signals at the unprotected but level crossing. In a letter to the county CNR said it would start on the project to install signals in November. However, if material becomes available earlier it will be done earlier, the letter said. The project is estimated to cost \$17,500. The federal government will pay 80 percent, Haldimand 12.5 percent and the CNR the remainder.

Weekly Weather

A few showers and a chance for thunder storm for Friday, lows in 50s, and highs in the 70s is the regional outlook of the Simcoe Weather Bureau. Mostly fair Saturday and Sunday, shower likely late Sunday. Highs in the mid to upper 70s with lows to high 50s, both days, said the forecaster.

Elson Reu of the Jarvis Volunteer Fire Department, shows old method of fighting fire. Firemen distinguished a fire at the Walpole dump Thursday with a bucket brigade. (Staff Photo)

This is another view as flames and smoke spewed from a fire that destroyed livestock and feed in three barns owned by Andy VanNetten, two miles east of Jarvis. (Staff Photo)
