

Recreation Committee Sponsors Art Trek

HAGERSVILLE — The Hagersville Recreation Committee will sponsor Art Trek, a travelling artistic workshop, which will be located at Hagersville Park, July 27 and 28. Teenage youngsters will be invited to participate in the project.

The Ontario Department of Education, Youth and Recreation Branch has created Art Trek, a program involving three teams of two talented young artists who will conduct casual participation workshops in painting, batik and lino printing.

Batik designs are made by pouring a liquid resist, for example wax, on some portions of a fabric and then soaking the whole fabric in a dye-bath. The dye covers only the area free of the resisting wax. One or more colors can be used to create abstract or representational designs.

Designs by lino-printing are developed by carving

patterns in linoleum which is covered with ink and then printed. Intricate designs can be made by using many colors.

Art Trek is mainly for the teenage community but any interested people willing to take an active part in the workshops are welcome. There are no costs involved. Daytime workshops will be conducted from 10 a.m. to 12 noon, and from 1.30 p.m. to 5 p.m. A night time workshop from 7 p.m. to 9 p.m. will be held when possible to accommodate those who are busy during the day.

Those interested in other art forms, like oil-painting and intaglio, are invited to join in and bring any materials they have to supplement the Art Trek team's supply of materials. There is not a set course. The travelling artists will do their best to respond to the demands of the individual community.

The three Art Trek teams will travel in fully equipped vans, one to the North, one to the Southeast, and one to the Southwest.

Harold Norrington, president of the Canadian Society of Graphic Artists and Roberto Carbone who was a Gold Medal winner at OCA, make up the Southwest team that was not originally planned but was added to the program to handle the increasing demand. Harold will specialize in batik and Roberto will teach painting and lino-printing.

Mothers may give their families a gift of healthier hearts and longer life through fat-controlled, low-cholesterol meals, the Ontario Heart Foundation says.
