Hurricanes Win Three Straight

The Hagersville Hurricanes won their third straight game on Friday by beating the tough team from Cayuga by a score of 34-21.

Quarterback Danny Forbes threw touchdown passes to Frank Vecero for the first two scores. The first was a 25 yard completion with the second going 30 yards. Butch Hill ran a trap play of 12 yards up the middle for a 21-0 lead at half time. Rick Morris took a hand off from Forbes and went in from 20 yards out, with Ray Miller picking up two points on the conversion pass play.

Cayuga gave the Hurricanes a scare when they came back to score three straight touchdowns in the third period. Danny Forbes put the game on ice with a fine power sweep for the last score. Bob Bradley, Butch Hill, Rick Morris and George Almond turned in outstanding performances for Hagersville. Bradley went both ways in this game and played 60 minutes of aggressive football. This is quite a feat for a boy who was a real problem to the coaching staff last year. Bob can always find time to attend practice and give 100 percent in a team effort. It is a wonder some more of the boys cannot put out the same effort. Even the coaches give up much of their time to make these practices.

This Friday the Hurricanes play Simcoe in Hagersville at 3 p.m. Let's get out and support these boys. This means parents as well as students.

Chevies Oust Simcoe Juniors
The Jarvis Chevies pushed Simcoe M.C. Juniors out of the league playoffs with a 5-3 win to sweep the series two straight. Jarvis scored three quick runs in the

second inning. Bruce Biggar singled, John Nie and Barry Miller followed with booming home runs. Fred McKeen doubled, to lead off the fourth. After Brian Smith walked, Bruce Biggar came through with a line shot double to plate the winning run. Gord Fearman added an insurance marker in the seventh with the help of Ted Phibbs and Smith's singles.

Lea, Cote, Lasanouski and Baskerville all banged out hits in the third inning to chase home three runs and tie the score. This was the only serious threat the Simcoe boys could come up with against the steady hurling of Nie. John gave up 3 runs, 5 hits, walked 1, while striking out 10. Larry Crandall was touched for 5 runs, 12 hits, 3 walks as he struck out only one. Jarvis will now enter the semi-finals against Binbrook.

Binbrook Hammers Jarvis 13-0

Pete Parker and the Binbrook Star Cleaners took the Chevies to the cleaners in Jarvis on Saturday night. This has to be the worst defeat that Jarvis team has suffered this year. We hope it will be the last. It is a pity that the league could not finish the playoffs before the Ontario playoffs begin. In most cases there is little incentive for the players once the Ontario playoffs are over. We are not making excuses for the Chevies but on talking to some of the players they feel it has been a long season.

Hub Fehrman pitched shutout ball for four innings before the roof fell in. Three singles, one triple and an error plus a home run gave the visitors five big runs. A single run in the fifth and four more in the sixth pushed the score to 10-0. The fans just stuck around at this point to see if Jarvis would score or get shut out. Binbrook kept pouring it on as they added 3 more runs in the eighth off John Nie. Brian Smith, Fred McKeen, Ted Phibbs and Bruce Biggar were the only players to hit safely for Jarvis. This seems quite strange to this writer as Parker does not even make good batting practice for the Jarvis team.

Gill Midgits
Win Championship
Gill Midgits are the ORSA Midget "C" champions. They knocked off last year's champions in two straight games. The second game was a convincing 7-4 win. Grant Jepson and Wes McKeen did a wonderful job all year

leading these boys to the title.

Marvin Fehrman was the whole show in this game as he allowed 4 runs, 7 hits, 2 walks, while striking out 16 batters. Marvin was in control at all times and pitched real steady ball. Ross McKeen caught for Fehrman all year and called a fine game. Kevin Hunter turned in the outstanding defensive play of the game when he caught a fly ball and threw to first, to double off D. Murray.

Dave Roulston, Dave Smith and Kevin Hunter supplied most of the power for Gill as they banged out two hits apiece. Joe Roulston and Marvin Fehrman picked up a single hit to round out the attack.

D. Murray and Stan Carter formed the battery for Innerkip and picked up 5 of their 7 hits. Murray gave up 7 walks that led to his downfall along with 3 errors his team mates made. In contrast the Gill boys played errorless ball and turned in a real fine team effort.

There were two busloads of fans that made the trip. With this type of fan support the young fellows really feel like putting out. Congratulations boys on a job well done.

RCAF Reunion

TORONTO - All members of RCAF Squadrons 407, 415, 431 and 434 are scheduled to gather for a reunion Oct. 23, at the Royal York Hotel, here, says reunion committee secretary George LeFebvre, of Toronto.

The reunion is set to begin at 3 p.m. with dinner at 7 p.m., with the only purpose being to renew old friends and memories.

All squadron members are being asked to contact George Sutherland at 30 Edith Dr., Toronto, 12.

Rockford

Mrs. John Thomson is spending a few days with her granddaughter Mrs. James McAlpine, Mr. McAlpine and children, of Caledonia.

Mrs. Stanley Anderson, Mrs. Charles Hall and Mrs. Ralph Golding enjoyed a three day tour last week of the Adirondack Mountains, including Lake Placid.

Mr. and Mrs. Star Golding were Sunday supper guests

of Mr. and Mrs. Kirkwood of Burlington.

Roy Kenny and Mrs. Stephenson visited George Smith in St. Joseph's Hospital, Hamilton on Sunday afternoon.

Mr. and Mrs. Howard spent several last week visiting Mr. and Mrs. Bert Frank of Goderich. They also Sunday dinner with Mr. Mrs. Arnold Howard and family of Galt.

THE WEEKLIES SAY...

BALANCE IS STRUCK

Man the so-called rational animal continues his national wars, revolutions and nuclear bomb tests, and most ignores the problem which may decide his fate: losing race between population growth and food production. The UN's Food and Agricultural Organization reports that world food production in 1970 rose by two percent. That percentage is roughly that of population increase per annum, so it might seem that a balance is struck. It isn't so. A twofold solution is needed: first population control to reduce birth rates; secondly, increased world food production. —Campbellton (N.B.) Tribune

LOCAL DRAGWAY

Have you been to Gananogue's drag strip lately? Actually, it's not the type you go to; for many King West residents the dragway comes to them every weekend. The noise created by the local hot rodders is bearable and must not be tolerated. —Gananogue (nt.) Reporter

CAN'T BE TURNED LOOSE

Barney Jensen, president of Northwestern Ontario Prospectors' Association, is a bit miffed at Leo Bernier, minister of mines and northern affairs, for failing to accede to the prospector's desire to be permitted to carry firearms for protection against bears while prospecting. Queen's Park may not know much about bears, as Mr. Jensen claims, but it knows enough about men with firearms that they cannot be turned loose with them year around. After all, it is not only prospectors who travel in the woods during the summer season. —Fort Frances (Ont.) Times

OPEN UP MEETINGS

The closed meeting for many North Okanagan communities has become an all-too-convenient tool in handling matters of urgent public business. We sneer at totalitarian countries and their rigorous censorship. Is the closed meeting much different from any society ruled by dictatorship? We think not. Vernon (B.C.) News

UNIFORM LICENCES

In a day and age when miles are no longer an effective barrier, and motor vehicles are the most popular means of transportation, it is indeed important that regulations dealing with driving and driver's licences be uniform throughout the country. —Chiliwack (B.C.) Progress

OFF AND RUNNING

While no date has been set for Canada's next general election, it does not take a very bright mind to grasp the fact that Prime Minister Pierre Trudeau is off and running...Despite its failure to deal effectively with either inflation or unemployment problems besetting the nation the odds would seem to favor a return to office of the Trudeau administration. This stems from the fact that neither of the opposition parties has projected anything like a viable alternative to which voters might turn. —Chiliwack (B.C.) Progress

Women In Crime Not Top Swindlers

EDMONTON (CP) — Women who enter crime can be pretty cold and calculating, but they usually are liable to be involved in small swindles rather than large ones, says Policewoman Lois Fisher of the fraud detail of the Edmonton police force.

"At least I've never met any great women swindlers," she added.

Mrs. Fisher has been on the force as a policewoman for eight years, but started as a clerk-typist at headquarters two years before signing on.

Mrs. Fisher refused to generalize on the types of fraud women are involved in compared with men except to say men tend to think bigger and "go for the bigger pot of gold."

Although she's worked in other departments, such as the juvenile branch and the morality squad, she enjoys the fraud squad the best.

"It's extremely interesting and you find that no case is ever the same."

Female suspects usually are brought to her for questioning, but she also is called in to question men whenever the head of the detail feels a woman could do a better job.

As a rule, she is treated well by suspects she interviews and the men she works with. However, there is the odd case of name-calling by disgruntled suspects.

"But I'm not in for a popularity contest. There's always a certain number

who resent you and what you're doing.

"MOTHER WAS A COP" "They've chosen their side of life and I've chosen mine."

Mrs. Fisher said she wished those sent to prison would take advantage of the rehabilitation programs.

"But so many don't and when they come out they go back to the same type of crime."

Mrs. Fisher has three children and said she had some problems when they first started school.

"The other children called them names because their mother was a cop. But I've been lucky enough to always be able to talk to them and now I think they're kind of proud of my being on the force."

CARPET BROADLOOM AND UPHOLSTERY CLEANING

THE GENTLE

STEAM EXTRACTION WAY

Here's the newest development in carpet cleaning technology — Steam Extraction. Old method using rotary brushes and detergents actually scrubs soil deeper into the carpet where it soon attracts additional grime. Carpets are never really clean.

Steam Extraction penetrates deep into the carpet pile with a controlled jet of saturated steam. Every last bit of soil is loosened, lifted and vacuumed away. You can actually see the extracted grime. Your carpets are ready for use almost immediately.

This newest advance in cleaning adds years to carpet life — brings new beauty to tackless carpets. Cleaning costs are reduced drastically — carpets stay cleaner longer. Fully portable units are safe and gentle to all fibres. Special hand attachment deep cleans upholstery, stair carpets, mattresses and box springs. Write or telephone for complete details.

SOIL IS EXTRACTED . . . THAT IS THE DIFFERENCE
