

West Haldimand WI Spring Conference

On March 20 Selkirk Faith Centennial Church was the place of meeting when 59 ladies registered for the Spring Conference. The welcome was extended by Mrs. William Lamb, president. Rev. Carr, on behalf of the church welcomed all.

Minutes of the last Spring Conference at Nover were read by Mrs. George Bassindale, secretary.

Branch and District P.R.O.'s are to send clippings of activities to Mrs. Marian Parry, editor of Home and Country.

Betty Covell, home economist, was unable to be present, but reported there are 250 girls in 4-H clubs and

16 groups took advantage of the senior short course.

Members were requested to read up on regional government, and attend meetings and discussions, whenever possible.

The WI banquet is to be held April 19 in Hagersville. U.C., C.E. Wing, with Miss McKercher and Mrs. Parry as guests.

It was agreed to continue the practise of having annual reports printed and assembled in booklet form for the District Annual to be held in Caledonia, May 26, in the Presbyterian Church.

Clanbrassil branch was thanked for the

purchase of Christmas gifts for residents of Grandview Lodge, and Garnet is to purchase gifts for the men this year.

A very sincere thank you was offered all Institutes, who had conducted birthday parties at the Lodge, during the past year.

Mrs. William Mitchell, Federated Representative will be the delegate to the Guelph Conference, May 2, 3 and 4.

The Fall Rally will be held in September with Sims' Locks acting as the hostess branch.

The nominations committee was informed by the offices to be filled for the year 1972-73, and there will be an Executive meeting at the home of Mrs. Lamb, March 28.

A letter of thanks and appreciation was read, for the service rendered by the WI branches, who assisted with the catering at the International Plowing Match Banquet in October 1971.

At this time, the guest speaker, Mrs. Howlett, from the Norfolk-Haldimand Tuberculosis and Respiratory Society was introduced. She was assisted by Mrs. Perrett and Mrs. McArthur, who showed a film Life and Breath. Mrs. Howlett spoke on the various informative facts and services being offered the people of these two counties, and of the program of assistance they are trying to establish to help persons suffering from asthmatic and respiratory conditions.

Regret was expressed that two of the branches were finding it impossible to carry on, due to very small memberships, and it is hoped that York and Nover will join with a neighboring branch to help continue the WI work.

Singing of the Hymn of All Nations, was sung, after which Mrs. B. Meehan expressed courtesy to all who had assisted with the afternoon's program.

Federation News

by Otto Crone

"Haldimand tactic on regional rule shocks Norfolk" read the headlines in the Hamilton Spectator when county council voted for a delay in regional government.

Haldimand seems very much aware of the discontent that is widespread in the Niagara region where taxes have risen too high too fast even though the spending is done by local politicians.

It would be less than fair for the province to expose Haldimand and Norfolk taxpayers to the same fate which befell Niagara without at least discovering what went wrong so that our new region might avoid such pitfalls.

The joint study should also be making out details on how the people who own land that has been designated for industrial or greenbelt uses should be dealt with.

Owners of this land should have a complete packet of rights to their land until some of these rights have been bargained for.

How farmers operations which are injuriously affected by development will be compensated for has not been answered. Farms in the greenbelt area could be come valueless as they are squeezed in by development. They would be difficult to operate as farms and their owners would therefore see their retirement fund disappear.

Since it is the provinces' desire to see regional government, there is a moral obligation on the provinces' behalf to offer useful advice, information and administrative assistance to make sure that ratepayers are not

hit by avoidable expenses.

Spring into Summer

with central electric air conditioning

Don't let the hot days of summer slow down your get-up-and-go. Stay fresh as a daisy all year long by creating the freshness of spring in your home.

Complete comfort control isn't far away, if you already have a forced air heating system. Just add a central electric cooling unit, with electronic filter and humidity control. You can then enjoy your own custom climate with comfortably cool, clean air in every room.

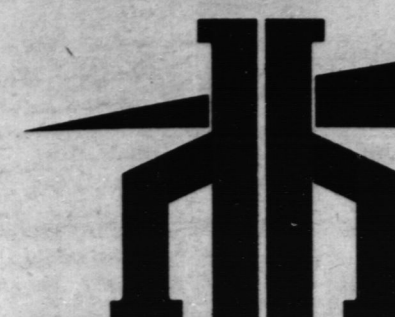

Total year-round comfort is well within your reach, if you think electrically; and there's even a Hydro Finance Plan to help you get started. Call your Hydro, and find out how the joys of spring can be with you every day of the year!
