

Sandusk

Mrs. Merrill Nie, Mrs. Craig Werner, Mrs. William Nicol, Mrs. Leo Mulkins, Mrs. Maud Barnes and Mrs. William Bray from the Sandusk WI attended the banquet in Hagersville United Church Christian Education building on Wednesday to honor the founding of the Women's Institute at Stoney Creek 75 years ago by the

West Haldimand District. Each Institute of the District entertained by skits, songs, readings, etc. making a very enjoyable evening.

Mr. and Mrs. Vern Gloyd and family visited Mr. and Mrs. Donald Dennis Saturday evening. Bill Werner, Toronto and Gwen Nie Hamilton

Moldy Corn Can Cause Health Problems In Swine

GUELPH - Moldy corn fed to swine can cause severe health problems, says A. J. Bunn, a swine specialist with the Ontario Department of Agriculture and Food.

Mold can produce toxins in a corn crop in the field. Once this toxin is produced, it cannot be destroyed by drying.

The toxins produced by molds can cause swelling and inflammation of the vulva, prolapse of rectum and vagina, udder development in immature females, infertility in females, abortion, small abnormal testicles and udder development in boars, depressed weight gains, decreased consumption of feed, vomiting and complete refusal to eat.

One reason for the growth of mold on corn, says Mr. Bunn,

is that the wrong variety is being planted.

In areas where 3100 heat units are available, some producers are planting corn hybrids with a 3300 heat unit rating. This means that the corn does not have a chance to mature properly, and, in turn, that mold growth is more likely to occur.

Producers may prevent much of the mold growth by planting the hybrid recommended for their area. The 1972 Report on Ontario Hybrid Corn Performance Trials indicates the right corn variety for a given area.

The report is available from the information Branch, Ontario Department of Agriculture and Food, Toronto, or from county and district offices of the Department.

NOTICE

I have sold my sporting goods business to

BOB McMASTER
of Caledonia

He will be operating from the present location and I am sure you will find his prices the same as in the past and probably better service.

I would like to wish Bob well, and in closing would like to thank my customers for their past loyalty

Wm. R. Courtnage

both spent the weekend at home.

Mr. and Mrs. Wayne Leffler and Stephen of Waterford attended Cheapside United Church Sunday morning and visited Mr. and Mrs. Merrill Nie.

Mr. and Mrs. Les Burton and Carol Anne and Mr. and Mrs. John Brennan and family all of Simcoe were Mrs. William Bray's Sunday evening guests.

West Haldimand WI Celebrates 75th Anniversary

The Jarvis Record, Thursday, April 27, 1972 - 15

On April 19, 1972, the 75th anniversary of the FWIO was celebrated by the West Haldimand District in the C.E. wing of the United Church, Hagersville. A banquet was catered to by the ladies of the church. The tables were decorated with gold and blue streamers and serviettes, WI colors and the tables centred with vases of red roses.

A beautifully decorated anniversary cake was placed on a small table at the front of the room, and during a very impressive ceremony, cut by Mrs. R. A. Miller.

More than 170 persons were in attendance and each received a piece of cake as a memento of the occasion. Several snapshots were taken of the various events of the evening and it is hoped that some of these will be available to members at a later date.

Mrs. William Lamb, president, acted as chairman, and opened the evening with words of welcome, followed by the repetition of the Institute Grace and a toast to the Queen, prior to partaking of the meal.

Following this first event, the head table guests were introduced, these being Mr. and Mrs. K. Best, Mrs. Petheram, Miss Betty Covell, Mrs. G. Bassindale, Mrs. William Lamb, Mrs. R. A. Miller, Mrs. Ryan, Mrs. William Mitchell and Mrs. C. Clarke (representative of East Haldimand). Former presidents and secretaries honored included, Mrs. W. Keen, Mrs. G. Smith, Mrs. J. Nichol, Mrs. G. Ridley, Mrs. J. Fleming, Mrs. H. Keir, Mrs. C. Hayes (Mrs. M. Hader, Mrs. A. Donaldson, absent), Mrs. L. Kiefer, deceased.

Mr. Best brought greetings from the Federation of Food and Agriculture and chose as his theme a look into the future 75 years and what

it might bring in changes in home and country.

Miss Covell spoke of the splendid work of the WI and complimented them on their work, of sponsoring 4-H clubs, senior short courses, and their assistance in the betterment of our community.

She also expressed regrets on behalf of Miss M. McKercher and Mrs. M. Parry, who were unable to be present, due to last minute complications in Toronto.

Mrs. R. A. Miller, first president of the WI reminisced, with anecdotes, spiced with humor, of her first introduction to the WI and of her associations in WI work during her years of office and membership. In 1949, the first WI in West Haldimand was held at Cheapside with Mrs. Sherk, president. Back in horse - and - buggy days, in 1906, Mrs. Miller attended Institute meetings, as a budding young school teacher, telling of humorous incidences, which occurred and left a lasting impression in her memories.

Following this, all branches presented a program.

Clanbrassil presented the skit If Our Friends Could See Us Now. Selkirk, a pantomime, by Mrs. Caines, banquet preparations.

Caledonia, two members wearing old-fashioned costumes favored with a medley in song, assisted at the piano by Mrs. J. Albin.

Lambs' Corners, humorous skit, pantomime, The Unexpected Caller.

Hagersville, The Hat Parade, Mrs. M. Lougheed, commentator.

Sandusk, Mrs. Merrill Nie lead in a lively sing-song.

Willow Grove, Cinderella, comedy written

and produced by Mrs. G. McMorran.

Mt. Healy, cooks' chorus, The Kitchen Band.

Springvale, action sing-song, Mrs. W. Bradshaw.

Garnet, a reading by Mrs. J. Nichol.

Sims' Lochs presented the 75th anniversary in letter form.

At the conclusion of the program, Mrs. La-

mb expressed thanks to all branches and committees who had assisted in making the evening.

Especially she offered appreciation for the splendid talents and

originality displayed in a variety program of this nature and calibre. West Haldimand surely has no lack for talent and ability to carry on the work of the WI for Home and Country.

FRESHWATER SNAILS

Snails are found in almost all freshwater ponds, marshes, rivers and lakes. All have a single coiled shell, which may be round, flattened or spire shaped. Three examples are shown above. Snails move about by gliding slowly on a flexible "foot", movement is apparently aided by a mucus slime which is laid down by the animal as it progresses. Snails rate high as food for many fish, ducks and other waterbirds as well as other marsh inhabitants.
